Dear Mayor and Council Members,

When it comes to selecting a new Mayor, no one deserves it more than Gerry Jensen. The position should NOT go to anyone appointed to the Council. Margaux should respectfully decline the nomination if that occurs. Since the precedent has been established that an appointed Council member can be appointed Vice-Mayor, the best choice for Vice-Mayor, the person whose positions of importance most closely reflect those of the residents, is Susan Westman. She should be appointed Vice-Mayor.
