Subject: 9/10 Agenda questions / issues...

Hi Julia,

I noticed a few apparent corrections in the September 10 agenda packet:

Item 8A – September 3 Special Meeting Minutes: The roll call lists Councilmember Orbach as both present and absent. The subsequent vote lists her as absent, so it appears her name should be removed from the "in attendance" portion.

Item 8B – Elections Code §21130(f) Report: The explanation regarding the West Capitola split states that it was impossible to unite "West Capitola, the Extended Jewel Box, the Tool Box and West Capitola" in one district. West Capitola is listed twice. Please confirm the intended neighborhood and correct the report before it is formally issued and posted.

Item 9E – FY 2025-26 Revenue and Expenditure Update: The report states that General Fund revenues were approximately $591,000 above budget and revenues exceeded expenditures by approximately $486,000. The conclusion appears to instead state that revenues exceeded the adopted budget by approximately $486,000. Please confirm whether that should read $591,000, with $486,000 representing the operating surplus.

Thank you,
Kevin
