Why wasn't this included in the updated agenda packet or did I miss it (see below)?

Hello Neighbors

Look at the percentage of the budget dedicated to CalPERS including current employee contributions. Picture where that number is headed based on history. Austerity at the state and federal level is here combined with unfunded mandates. The 300K we give the Santa Cruz tourism board and the money we give to orgs in Watsonville and honestly the 90K we give the museum. These things need to find appropriate funding sources. Not our tax dollars.

We doomed we don't start trimming and focusing our resources where they are desperately needed.

We are no Coronado let alone a Carmel. We ain't even a cayuscos. It's only going to get leaner. We need to budget now.

All Yvette and Kristen's self enrichment pet projects forced through in the past decade should be set free to find their own funding imo.
