Public Comment for 1/22 Agenda Item 8A

From Vivienne Chankai <vivichankai@gmail.com>

Date Thu 1/22/2026 12:25 AM

To City Council <citycouncil@ci.capitola.ca.us>

Dear Mayor Morgan and Capitola City Council members,

My name is Vivienne Chankai and I am a resident of Aptos. Given the dire threat that the new 11th National Outer Continental Shelf Oil & Gas Leasing Program poses to the California coast, we must do all we can to protect our communities and the unique ecosystems off our coast. Oil drilling on our coast would endanger the tourism, recreation, and beauty that are integral to the identity of Capitola and Santa Cruz County as a whole. I encourage you to submit the opposition letter to this plan to express your support for our community and environment. Thank you.

Sincerely,

Vivienne (Vivi) Chankai
