**To:** City Council  
**Subject:** Support for Margaux Morgan

I am writing to express my support for appointing Margaux Morgan to the council to serve the remainder of Yvette Brooks term. I have known Margaux for several years, and as some of you that served with her can attest, she is a smart, thoughtful, and dedicated person, whose experience on the council and as mayor, would be invaluable now. I also realize that there may be other former council members willing to take on this role, but I really think she brings a fresh perspective, and youthful energy, that will service our community best.

Sincerely,

Steve Olson
