Subject: Margaux Morgan

Dear Capitola City Council,

With Mayor Brooks stepping down, I urge you to honor the runner up of the most recent election.

We should not spend City funds on a special election.

Please do not waste time on an application system and swiftly move forward with appointing Margaux Morgan to City Council.

Ms. Morgan has plenty of experience, has stood as Mayor during one of our most tumultuous years, even greeted and toured the President through our beloved city. She has knowledge of, and has been involved with the issues at hand and maintains great relationships with city staff, council, and the community.

Please do what is best for Capitola by supporting consistency, vision and loyalty to our city.

Sincerely,
Lori Mahan
