## Measure F Language

Without increasing taxes, shall the City of Capitola extend the 2017 sunset date of its current one-quarter percent sales tax for an additional ten years to protect essential city services and facilities, such as police and emergency safety programs, protect the wharf and beach from storms and rising sea levels and maintain and improve parks, sidewalks and bike lanes with all funds staying local?

### Options

#### **Extending Measure F: \$1.1 million per year**

- Polled favorably with 78% of likely voters support
- Would maintain current general fund revenue
- Would likely lead to difficult budgets through 2030

## Replacing Measure F with new Half-Percent Sales Tax: \$2.2 million per year

- Would provide ~\$1.1 million in new general fund revenue
- Ballot language that includes "replacing" an existing measure typically receives more support than a new tax
- Would resolve current long term budget projections

## Known Ballot Landscape

Regional Clean Water & Wildfire Protection

Central Fire General Obligation Bond

Potential Soquel School District Bond

## Potential language

To protect essential city services including public safety and emergency services; repair potholes, maintain streets, sidewalks, bike lanes, beaches, the new wharf, and recreation programs for youth; improve traffic safety; and support local businesses, shall City-of-Capitola replace its quarter-percent sales tax, approved by voters in 2016, with a one-half percent sales tax, generating an estimated \$2.2 million annually for general government use, for ten years, with independent audits, and all funds staying local?
