

CAMA

Floating structure is any structure, not a boat, supported by a means of flotation, designed to be used without a permanent foundation, which is used or intended for human habitation or commerce. A structure will be considered a floating structure when it is inhabited or used for commercial purposes for more than thirty days in any one location. A boat may be deemed a floating structure when its means of propulsion has been removed or rendered inoperative and it contains at least 200 square feet of living space area.

Wrightsville Beach

A floating home or structure is any structure, not a boat, supported by means of flotation and designed to be used without a permanent foundation which is used for human habitation or commerce. A structure is considered a floating home or structure if it is inhabited or used for commercial purposes for more than 30 days in any one location. A boat may be deemed a floating structure if its means of propulsion have been removed or rendered inoperative and it contains at least 200 square feet of living area. In Wrightsville Beach, floating homes must abide by the standards stated in the Town of Wrightsville Beach's Code of Ordinances, Title XV, Section 155.7.12: Floating Homes.

New Hanover County

Floating Structure - Any structure or vessel in fact used, designed and occupied as a permanent dwelling unit, business or source of any occupation or any private or social club, which floating structure or vessel is primarily immobile and out of navigation or which functions substantially as a land structure while the same is moored or docked on waters within County jurisdiction; whether such floating structure is self-propelled or not. (4/2/84) (23-77) New Hanover County

St. Petersburg, FL

Floating structure means a barge-like structure, with or without accommodations, that is not used as a means of transportation on water but which serves purposes or provides services typically associated with a structure upon or improvements located upon real property such as but not limited to use as a residence, place of business, office, hotel, motel, restaurant, lounge, retail or wholesale store, clubhouse, helicopter pad, meeting facility, or a storage or parking facility. Incidental movement or the capability of movement upon water does not preclude a structure from classification as a floating structure. Registration of the structure as a vessel in accordance with F.S. ch. 327 does not preclude a structure from classification as a floating structure.

Monroe County, FL

Floating structure shall mean a floating entity, with or without accommodations built thereon, which is not primarily used as a means of transportation on water but which serves purposes or provides services typically associated with a structure or other improvement to real property. The term includes, but is not limited to, an entity used as a residence, place of business or office with public access; a hotel or motel; a restaurant or lounge; a clubhouse; a meeting facility; a storage or parking facility; or a mining platform, dredge, dragline, or similar facility or entity represented as such. Floating structures are expressly excluded from the definition of the term "vessel" provided in this section. Incidental movement upon water or resting partially or entirely on the bottom does not, in and of itself, preclude an entity from classification as a floating structure. In the event it is disputed whether an entity constitutes a floating structure versus a vessel, such dispute shall be exclusively determined, under a preponderance of the evidence standard, by analyzing (1) whether it is capable of self-propulsion, (2) whether it has a rudder or other steering mechanism, (3) whether it has a raked hull, (4) whether it has a rectangular or a square bottom, (5) by comparing its draft to the drafts of vessels of a similar physical size, (6) its infrequency of documented past geographical movement, (7) whether it can be moved over meaningful distances without dangerously or hazardously swinging from side-to-side, (8) if it has a (lawful) capacity to generate or store electricity, (9) whether it has a bilge pump(s), (10) whether it has an approved marine sanitation device(s), (11) whether its above-water surface area(s) bear similarity to the interior or exterior of a land-based residential or commercial structure, (12) whether it has ordinary windows, open doorways, or unsealed doors, (13) whether it has any other physical features that might suggest to an objective reasonable observer a design to transport over water anything other than its own furnishings and related personal effects, and (14) whether it is titled and registered as a vessel. Payment of a tangible personal property tax regarding the entity in question or issuance or receipt of a tax exemption thereto, pursuant to F.S. § 192.001(17), shall constitute prima facie evidence that the entity in question constitutes a floating structure under this article.

Sacramento County Code

A. "Floating Home" or "Floating Structure" means a watercraft or structure that has the following characteristics:

1. It is a stationary structure in, on, or above the water that is:
 - a. Permanently grounded, or
 - b. Supported by a flotation system and held in place by piling or mooring devices, or
 - c. Placed on or otherwise affixed to a foundation, dock, piling, walkway, gangway, pier, barge, or other permanent structure;

2. It is incapable of being used for self-propelled navigation;

3. It is designed and built to be used, or is modified to be used, or is used, to serve purposes or provide services typically associated with a structure on or other improvement to real property. The term "floating home" or "floating structure" includes a structure that is used as a residence, place of business or office with public access, hotel or motel, restaurant or lounge, clubhouse, meeting facility, storage or parking facility, mining platform, or similar facility or structure represented as such.

Incidental or limited movement of a structure upon water or resting partially or entirely on the bottom does not preclude the structure from being classified as a floating home or floating structure for purposes of this chapter. Registration of a structure as a vessel with the California Department of Motor Vehicles does not preclude the structure from being classified as a floating home or floating structure for purposes of this chapter.

Palm Beach County

Floating Structure means a floating entity, with or without accommodations built thereon, which is not primarily used as a means of transportation on water but which serves purposes or provides services typically associated with a structure or other improvement to real property. The term includes, but is not limited to, an entity used as a residence, place of business or office with public access; a hotel or motel; a restaurant or lounge; a clubhouse; a meeting facility; a storage or parking facility; or similar facility or entity represented as such. Floating Structures are expressly excluded from the definition of the term "vessel" as defined in sec. 327.02, Florida Statutes. Incidental movement upon water or resting partially or entirely on the bottom does not, in and of itself, preclude an entity from classification as a Floating Structure. Registration of the entity as a vessel in accordance with Chapter 327, Florida Statutes, shall not preclude an entity from classification as a Floating Structure.
