

Town of Carolina Beach Mayor and Town Council  
Prohibit Thru Traffic Petition

We the residents of Carolina Beach in the Ocean Heights Neighborhood request that the Town of Carolina Beach Planning Department restrict through traffic and the Town of Carolina Beach Operations vehicles from using Ocean Heights streets as a shortcut or access through the neighborhood. It is a highly populated residential area and should not have to experience any outside business traffic. Residents walk their dogs in Ocean Heights, kids ride their bicycles there and play very close to the street. We the undersigned residents of the Town of Carolina Beach petition the Planning Department to review the traffic flow and restrict business traffic in Ocean Heights by erecting "No Thru Traffic" signs.
