Subject: allowing our family camp  
to be used as a function  
place for other private  
groups

Dear Elwin, As I have mentioned  
before that the plans for and  
the building of this camp was  
to be a gathering place for our  
own large family & friends that  
have grown apart over the years  
from being busy or had foolish  
ill feelings toward another.

My dream was make it easy  
to come together again & realize  
that we are a family

What brought me to this  
point was when I discovered that  
my grand daughter & my cousin's  
daughter worked side by side  
at a restaurant, were good friend  
, but never knew they were  
related to each other. They worked  
2 years together

I feel that the easiest way to mend relationships is to gather at holiday functions, weddings & special occasions and human nature will take care of the rest.

My request to you is because other friends have watched this being built into a beautiful building that is able to hold a good size group.

These friends have asked us if we would consider allowing them to use the site for their special occasions.

I even had my nephew, who is involved with (major <sup>league</sup> sport) teams that have difficulty finding a private site where they and their families can relax & rest without a lot of fans around,

ask me for use of the camp  
I need your help on how I  
would be able to say "yes" to  
others wanting to enjoy our  
property

Hopefully it will not be too  
expensive, but we are  
willing to make what ever  
changes necessary to meet  
your requirements

Thank you for considering  
this request
