

TOWN OF CENTURY, FLORIDA

REGULAR TOWN COUNCIL MEETING

AGENDA ITEM

Date: May 6, 2025

Prepared by: Howard W. Brown, Jr., ICMA-CM, Interim Town Manager

Agenda Title:

Discussion and Direction Regarding Utility Services (Water, Sewer, and Gas)

Recommended Action:

That the Town Council discuss current and future considerations related to water, sewer, and gas services within the Town of Century, and authorize the Mayor and Interim Town Manager to initiate negotiations and, if deemed appropriate and in the best interest of the Town, return to the Council with a formal proposal for consideration and possible action.

Background:

The Town is exploring options to ensure long-term sustainability, reliability, and affordability of essential utility services, including water, sewer, and gas. This discussion is intended to provide the Council an opportunity to offer direction on potential improvements, partnerships, or service delivery adjustments that may better serve residents and businesses.

Fiscal Impact:

To be determined based on the outcome of negotiations and any future proposals.
