

WELCOME TO
CENTURY

Century, Florida, was founded in 1901 as a sawmill company town and was named because 1901 was the first year of the 20th century.

It was officially incorporated as the Town of Century in 1945. The community was originally an unincorporated part of Escambia County, neighboring the Town of South Flomaton, which later changed its name to Town of Century in 1979.
