

RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN CERTIFICATION

TOWN OF CHASE CITY

The Town of Chase City will replace all occupied and vacant occupiable low/moderate-income dwelling units demolished or converted to a use other than as low/moderate-income dwelling units as a direct result of activities assisted with funds provided under the Housing and Community Development Act of 1974, as amended. All replacement housing will be provided within three (3) years of the commencement of the demolition or rehabilitation relating to conversion.

Before obligating or expending funds that will directly result in such demolition or conversion, the Town of Chase City will make public and advise the state that it is undertaking such activity and will submit to the state, in writing, information that identifies:

1. A description of the proposed assisted activity;
2. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low/moderate-income dwelling units as a direct result of the assisted activity;
3. A time schedule for the commencement and completion of the demolition or conversion;
4. The general location on a map and approximate number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units;
5. The source of funding and a time schedule for the provision of replacement dwelling units;
6. The basis for concluding that each replacement dwelling unit will remain a low/moderate-income dwelling unit for at least 10 years from the date of initial occupancy; and
7. Information demonstrating that any proposed replacement of dwelling units with smaller dwelling units is consistent with the housing needs of low- and moderate-income households in the jurisdiction.

The Town of Chase City will provide relocation assistance to each low/moderate-income household displaced by the demolition of housing or by the direct result of assisted activities. Such assistance shall be that provided under Section 104 (d) of the Housing and Community Development Act of 1974, as amended, or the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

The Town of Chase City's B Street Project includes housing rehabilitation, substantial reconstruction, demolition of vacant, dilapidated units, water, sewer, and storm drainage improvements as outlined in the Community Development Grant application submitted in April 2022.

The activities as planned will not cause any displacement from or conversion of occupiable structures. As planned, the project calls for the use of the existing right-of-way or easements to be purchased or the acquisition of tracts of land that do not contain housing. The Town of Chase City will work with the grant management staff, engineers, project area residents, and the Department of Housing and Community Development to ensure that any changes in project activities do not cause any displacement from or conversion of occupiable structures.

In all cases, an occupiable structure will be defined as a dwelling that meets local building codes or a dwelling that can be rehabilitated to meet code for \$25,000 or less.

Duly adopted at the regular meeting of the Chase City Town Council on March 14, 2022.
