### New Apparatus

Last month we welcomed a new piece of apparatus into our fleet. It is a 1991 Spartan/Quality/Apache Redi-Tower. This is the first aerial apparatus in Chase City and will be a huge upgrade to our fleet. We purchased this unit from Ceppo VFD in Ceppo NC. Over the next few months our members will be working on repairs, upgrades, and training on the truck before it is officially in service.

### **Training**

August's training was focused on car fires. Members utilized a donated car to practice fire attack as well as scene size-ups, pumping operations, roadway safety, and forcible entry.
