

I wanted to express a sincere Thank you to Sarah Caknipe and Rhita Burton for hanging in there during tax season. We collected over \$349,000 in tax revenue just in the month of January. This is the most we have ever collected in 1 month's time. They handled numerous phone calls, in person inquiries, and stayed late to complete the season. This does not include time spent on collecting water bills, meals tax, business licenses, water deposits, sewer cleaning deposits, and numerous other items that are handled by the office staff. Again, thank you to these ladies. Job well done! Now on to delinquent tax collection season...
