Calls

The month of January proved to be busy for Co. 3 with multiple dispatches for structure fires, 4 of them “Working Fires”.

Training

Three of our members completed module 2 of the Firefighter 1 class and are now halfway to becoming certified firefighters. One member

Chase City Volunteer Fire Department, Inc.

POST OFFICE BOX 595
CHASE CITY, VIRGINIA 23924

participated in the VDFP Vehicle Rescue Tech class. Our monthly training was focused on vehicle stabilization.

Thank You

We would like to thank everyone who helped make our Stew Fundraiser a success. The food vendors were impressed with the turnout and plan to be back.

We would like to thank the following for all their support on calls this last month:

- The Town Shop guys for coming out early on the Walker St fire and bringing sand to put down on the street and heaters for firefighters to thaw with. Our equipment was freezing and firefighters were unable to removed SCBA bottles from the airpacks due to ice.
- Will Stembridge CCPD for his assistance on the Walker St fire. Will assisted in pulling hose as well as a multitude of other things making our job a lot easier.
- Officer Ryan Wiles for taking the time to respond out to Scotts Crossroads on a working structure fire with limited info because a Deputy was not available. Officer Wiles marked the driveway with his cruiser to lead us in then checked with command to see if we needed any further assistance and to let us know he rode out "to make sure we were good since there was no Deputy around." That is what makes Chase City great.
