RE: Discontinuing Landfill Services

Mr. Forbes:

We are sorry to inform the Town that B&B will no longer be able to provide professional services as it relates to the landfill. Over the past decade, B&B has continued to provide professional services for its current landfill clients but has not sought any new clients. Chase City is B & B's only landfill client remaining. With the retirement and loss of key environmental personnel, B&B has had to make a hard decision to discontinue these services.

B&B will provide any and all information it has relating to the landfill to the next firm the Town chooses to continue with. While it is the Town's preference, Jim Patterson with KBJW Group, a former employee of B&B, has knowledge of the landfill and has continued to work with us on this landfill to date. We highly recommend KBJW to pick up where we are leaving off to continue the efforts in closing the landfill for good.

We greatly appreciate all the years of trust and confidence the Town has put into B&B regarding the landfill.

Sincerely,

B & B CONSULTANTS, INC.
