

JUNE 2025

Public Works Monthly Update

The weather has not been friendly to the guys. With the temps being over 100 for about 2 weeks, it definitely made it hard for the guys to get a lot done. Now, adding the rain to the equation, it has not been easy. They were able to gather some Playground equipment from Chase City Elementary School.

Street Department

The Street Crew has been doing all they can to stay up on the grass around town. To help the cause, they split into 2 groups to cover more area. It has proven to be beneficial at times. The crew went out on a couple occasions to remove brush and storm debris. They are doing a great job keeping the town looking nice.

Water/Sewer Department

The Water Crew has been staying busy as well. Marking Miss Utilities has been at the top of the list. They come in nonstop. Along with the help from the Street Crew and a boring crew, Tim & his guys installed a new water service to the new apartment houses on South Main St. The guys also helped on several graves at the Cemetery.

Maintenance Department

The shop guys have been holding their own. They have had several Police vehicles come thru for repairs; some big, some small. The Garbage truck was recently in for minor repairs as well.

Chris has kept everything up to speed.

Chris had shoulder surgery on the 11th and will be out potentially for several months. We are sending Get Well Wishes to him for a speedy recovery.

Other

Updates

The WasteWater Plant had some issues from the last big rain. Everything had leveled back down to normal after running Emergency pumps.

THANKS TO ALL OF THE GUYS FOR ALL OF THEIR HARD WORK AND SACRIFICE!!! YOU ALL ARE APPRECIATED!
