

CITY OF CHIPLEY

STAFF REPORT

SUBJECT: Name Streets for Traffic Study - Discussion

MEETING DATE

Monday, December 30, 2024

PREPARED BY

Patrice Tanner, City Administrator

SUMMARY

Per the Council's request on September 10, 2024, we have reached out and were able to get an estimated cost of \$1,500 per street for a traffic study to be done. We are now at the point where the council will need to decide which streets and how many streets they would like to do this fiscal year since it is not a budgeted item. Then we can decide each year at budget time if there are any additional streets that you would like to have done.
