

CITY OF CHIPLEY

STAFF REPORT

SUBJECT: Bid No. 2025-04 Construction Agreement – FC Northwest Stormwater System
Restoration Griffin Road Drainage Improvements Project – Gulf Coast Utility
Contractors of Panama City

MEETING DATE

Tuesday, October 14, 2025

PREPARED BY

Patrice Tanner, City Administrator

SUMMARY

This will approve the Construction Agreement with Gulf Coast Utility Contractors, LLC in the amount of \$778,359.50 for the drainage improvements on Griffin Road.

This project primarily consists of drainage improvements on Griffin Road within Chipley consisting of the construction of a new double 10'x7' concrete box culvert along with approximately 550 linear feet of new lateral ditch excavation to relieve flooding in the area. Roadway excavation and reconstruction will be required in the vicinity of the new box culvert along with guardrail placement, riprap rubble, sodding and thermoplastic pavement markings. Utility relocation is also included consisting of approximately 100 feet of 8" water main installed by directional bore. Florida Gas Utility has already completed the relocation of the gas main for this project.

RECOMMENDATION

City staff recommends approval of Construction Agreement to Gulf Coast Utility Contractors in the amount of \$778,359.50.
