

**Item:**

Children's Trust of Alachua County "Summer Fun" Report

**Requested Action:**

1. The Trust is asked to receive the Summer Fun Report

**Background:**

The Children's Trust of Alachua County released its 2021 Summer RFP with the intentions of funding summer camp providers offering a range of programming activities. 21 providers received summer contracts, providing summer camp services to 1,125 children.

The target population for the Summer RFP is children from low-income families living in Alachua County and who are kindergarteners (five years old on or before September 1st) through 12th graders. Providers recruited and enrolled children into summer camp programming using the following guidelines:

- Full scholarships: children from families at or below 200% 2020 federal poverty threshold, children with Individualized Educational Plan (IEP), children from families receiving SNAP benefits, children in foster care, children in voluntary and formal kinship care, and children under in-home case management supervision.
- Partial scholarships: children from families between 200% - 400% 2020 federal poverty level

**Attachments:**

Summer 2021 Snapshots

**Programmatic Impact:**

To expand access to safe and enriching summer programming that offers a wide range of activities to children from low-income families living in Alachua County.

**Fiscal Impact:**
