

We heard you!

Parents of children 0-5 yrs old report struggles:

“I am having a really hard time finding and financially accessing existing services for my son who is autistic. I am worn out and exhausted...”

85% received “great” prenatal care in Alachua County

26% had a hard time getting prenatal appointments.

15% of parents say they don't attend VPK because it is not close to where they live.

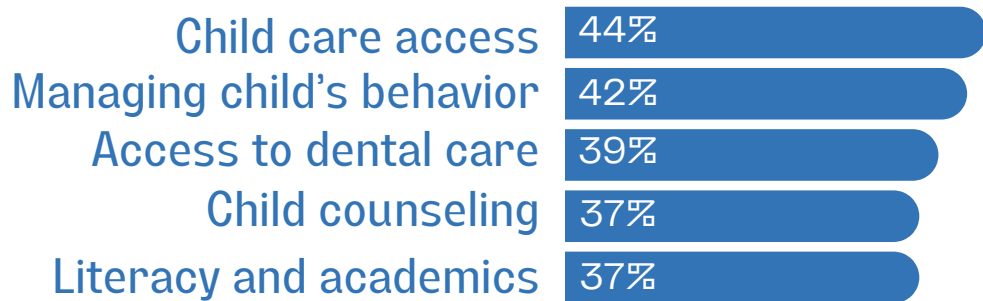

15% of parents say their family cannot afford VPK/preschool.

81% think their PreK/preschool program is “really good.”

63% think their PreK/preschool program is good preparation for kindergarten.

“We both work full time. We can't afford to work partial days and pick our child up in the middle of the day [from VPK], so we have to pay for roll-over care. That is really difficult for us, financially.”
