Comments:

- The presentations were beyond helpful! It makes the words on the PowerPoint come alive! (Patton)

- It might be good to have minutes/outcomes of previous meetings and workshops when we have an RFP that was developed using that input, so we can remember and be clear on previous Board input. (Chance)

- Really informative meeting with great feedback. (Twombly)

Finally, Board members can provide general comments on the meeting overall as well as topics they'd like to see addressed on future agendas. These comments are listed below.

General Comments:

- Good job preparing for our 1st meeting at CTAC. Let's move tables closer together to allow for more space for public and staff. (Cornell)

- Excellent discussion! (Labarta)

- Thank you for the warm welcome. Looking forward to working with everyone. (Bullard)

Items, Presentations, or other Information for future Board agendas:

- I feel like we always cut Bonnie short on research/evaluation- maybe move up in agenda- particularly on key topics like continuous improvement and strategic plan update. (Chance)

- 1. Meta programming. The man doing yoga would be eligible for funding for meta programming. 2. Invite Theresa Beachy to discuss affordable housing, ALICE report, and work she's doing with the chamber (maybe a workshop?). Would like to discuss the housing challenges in Gainesville, particularly among our "heroes:" teachers, law enforcement, fire rescue, and nurses. (Hardt)
