

2022 Legislative Priorities

OVERVIEW:

The Florida Children's Council serves as the member organization of the state's Children Services Councils (CSCs) and Children's Trusts. Within Florida these organizations serve over 1/3rd of the state's birth to 18 population by funding evidence-based programs, innovative services, and community resources that improve the lives of children and families. This comprehensive service approach allows CSCs to make data-driven decisions, maximize local resources, and ensure accountability of funded programs. Through these CSC investments, data is collected, and services are aligned that produce efficiencies, replicable positive child and family outcomes, and long-term collective impact. It is through this laser-focused approach that scalable system development opportunities and recognition of public policy needs emerge. The following legislative priorities have been identified for the 2022 legislative session.

GUIDING PRINCIPLES:

-  Maintain the ability for local communities to determine the best use of resources to develop, implement, and administer programs that address the needs of children and families.
-  Support evidence-based policies and programs to ensure healthy, academically successful children, secure families, and safe and supportive communities.
-  Ensure adequate, equitable funding and access for programs that affect children and families and account for regional economic differences.
-  Support programming that encourages and facilitate family engagement.
-  Support legislation that uses a racial equity lens, processes, and values to create just and fair outcomes and conditions for our state and community while recognizing and addressing historical injustices and harms.
-  Ensure health, safety, and well-being of children in all publicly funded programs.
-  Support programs that promote the ability for families to continue toward economic self-sufficiency without losing access to services that support children's development.
-  Maximize all available revenue streams for strategies that support child development and economic security.
-  Support State appropriations that benefit Florida's children and families.
