CHURCHILL COUNTY
COMMISSIONERS

To whom it may concern,

The State of Nevada Abandoned Mine Lands (AML) program was created by the Nevada Legislature in 1987 in response to incidents, both fatal and nonfatal, which occurred at abandoned mines. The enclosed 2020 Nevada Abandoned Mine Lands Physical Hazards Report summarizes Nevada's AML programs and activities statewide, including work completed by State, Federal, and private organizations.

We hope you find this report informative and if there are any questions regarding the program please feel free to contact us.

Thank you,

Sean Derby, C.P.G.
Chief, Abandoned Mine Lands Program
Nevada Division of Minerals
