Hi Clerks

Winnebago county has entered into a long-term lease agreement with Volare Hangers of Oshkosh, LLC for the 47 acres of land the county owns on the east side of the airport. The county has owned this property for a number of years, and it is good that it will finally be developed.

I plan to attend the following town board meetings in July:

Clayton – July 1

Winchester – July 6

Wolf River – July 27

Have a great day

Howie
