Town of Clayton

Department of Public Safety

October 30th. 2026

DPS Report to Town Board

As of October 30th. the Dept. has been paged out for 217 calls. 128 were EMR calls and 67 were fire calls, and 22 were both. This compares to 202 to date in 2025. This puts us ahead of pace for 2025.

We took part in fire prevention training at Clayton school by giving the second and third graders a tour of one of the fire trucks. We came back on a separate day and met with both kindergarten classes. We have been asked to do a fire/medical demo for the kindergarten class at Valley Christian School on Nov. 5th. The son of one of our EMR's is a student there.

We have started rotating our trucks to Red Power Diesel service for scheduled annual service. Red Power performs a pump test, DOT certification, changes fluids and filters. They also raise the trucks up on the lift and spray them with an undercoating to prevent rust and corrosion.

CFR has a very active Facebook page. We post about road closures, upcoming events. We recently posted a safety reminder about installing car seat covers over vehicle seats with seat mounted air bags. That post along was viewed over 9,000 times.

Please contact me with questions or concerns,

Director Rieckmann
