

MEMORANDUM

Business Item C

From: Administrator/Staff

To: Town Board

Re: Town Board review & consideration of road wedging and shouldering estimates provided by Winnebago County Highway Department for Center Road & Green Meadow Road.

A portion of Center Rd and all of Green Meadow Rd did not fare well this winter, necessitating urgent repairs. Highway Superintendent Groth recommends first wedging & shouldering both to first and foremost improve safety. After wedging is completed, it can be determined what may be further needed to shape and seal the road surface.

The cost estimate is as follows:

Wedging Green Meadow: approximately \$35,000

Wedging Center Road: approximately \$65,000

Patching of frost boil on Center Rd south of Oakridge: approximately \$2,500

Green Meadow Road was last addressed in 1998 and the subject portion of Center Road was last addressed in 2000.

SUGGESTED MOTION(S):

Motion to move forward with repairs to Green Meadow Rd and Center Rd as described.

If you have any questions about this information, please call or e-mail me.

Respectfully Submitted
