Hi Clerks

The county has been informed by Faith Technologies that they are no longer interested in purchasing the UW-Fox Valley Campus. It is my understanding that the cost of renovating the building, along with Menasha not being the ideal location for a national training center has caused them to no longer be interested in the facility.

If there are any high school seniors interested in a scholarship the county board is accepting applications until March 31. For more information go to:

[Winnebago County Board Scholarship Program | Winnebago County, WI](#)

In March I plan to attend the following Town Board meetings:

Winchester – March 2

Clayton – March 18

Wolf River – March 23

Have a great day

Howie

Howard Miller

Winnebago County Supervisor, Dist. 36
