Independent Auditor's Report

The Honorable City Council
City of Clearlake, California
Clearlake, California

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Clearlake (City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Clearlake, as of June 30, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1, to the financial statements, in 2022, the City adopted new accounting guidance, *GASB Statement No. 87, Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Van Lant & Fankhanel, LLP

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic

financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 31, 2023, on our consideration of the City of Clearlake's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

City of Clearlake
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2022

Fund Balances of Governmental Funds \$ 37,922,176

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Land and Land Improvements	\$ 9,592,637	
Construction in Progress	10,343,690	
Buildings and Improvements	3,181,722	
Vehicles and Equipment	4,447,095	
Infrastructure	21,743,259	
Less: Accumulated Depreciation	<u>(10,063,842)</u>	39,244,561

In governmental funds, other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. 3,382,532

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

Compensated Absences	(227,238)	
Net Pension Liability	(4,227,180)	
Claims Payable	(174,035)	
2022 Installment Sale Agreement	(14,755,000)	
Energy Efficiency Loan Payable	(632,567)	
Lease Payable	(417,878)	

Amounts for deferred inflows and deferred outflows related to the City's Net Pension Liability are not reported in the funds.

Deferred Outflows Related to Pensions	1,833,275	
Deferred Inflows Related to Pensions	(3,214,314)	

Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds must be added to the statement of net position.

City of Clearlake
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Year Ended June 30, 2022

Net Change in Fund Balances - Total Governmental Funds \$ 9,071,580

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlay as an expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense.

Capital Expenditures	11,967,657
Depreciation Expense	(1,200,364)
Loss on Disposal	(152,520)

Certain receivables are offset by unavailable revenue in the governmental funds because they are not available to pay for current period expenditures. This amount represents the amount by which prior year unavaible revenue exceeded current year unavailable revenue. 3,324,849

The issuance of long-term debt (e.g., loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities

Net Pension Liability	3,610,482
Claims Payable	64,167
Compensated Absences	106,576
Energy Efficiency Loan	46,238
Payments on Leases	258,691
Debt Issuance	(14,826,289)

Amounts for deferred inflows and deferred outflows related to the City's net pension and total OPEB liabilities are not reported in the funds. This is the net change in deferred inflows and outflows related to the net pension and total OPEB liabilities.

Deferred Outflows Related to Pensions	(147,725)
Deferred Inflows Related to Pensions	(2,399,842)

Internal service funds are used by management to charge the costs of insurance to individual funds. The net revenue (expense) of the internal service is reported with governmental activities.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Clearlake, California (the City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A) Reporting Entity

The City of Clearlake is a municipal corporation governed by an elected five-member City Council. The accompanying financial statements present the government and its component units, entities for which the City is considered to be financially accountable.

Blended Component Units – The Clearlake Public Financing Authority is a separate legal entity created for the purpose of improving the economic conditions of the City, making public improvements and providing financing for these purposes. This entity is governed by the City Council of the City of Clearlake, and is therefore reported as if it was part of the City. The Authority is reported as part of the City's special revenue, capital projects and debt service funds. The component unit redevelopment agency was dissolved effective February 1, 2012 and all residual asset and liabilities are reported in the Successor Agency private purpose fiduciary funds.

B) Basis of Accounting and Measurement Focus

The basic financial statements of the City are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Government-Wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. Eliminations have been made in the Statement of Activities so that certain allocated expenses are recorded only once (by the function to which they were allocated). However, general government expenses have not been allocated as indirect expenses to the various functions of the City.

Government-wide financial statements are presented using the economic resources measurement focus and accrual basis of accounting. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33.

Program revenues include charges for services and payments made by parties outside the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expense. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expense.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation.

Fund Financial Statements

The underlying accounting system of the City is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about the major funds individually and nonmajor funds in the aggregate for all funds.

Governmental Funds

In the fund financial statements, governmental funds are presented using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. *Measurable* means that the amounts can be estimated, or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period.

The City uses an availability period of 60 days. Sales taxes, property taxes, franchise taxes, gas taxes, motor vehicle in lieu, transient occupancy taxes, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period to the extent normally collected within the availability period. Other revenue items are considered to be measurable and available when cash is received by the government.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental funds in the fund financial statements. Exchange transactions are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed nonexchange transactions* are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary nonexchange transactions* are recognized as revenues when all applicable eligibility requirements have been met.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

In the fund financial statements, governmental funds are presented using the *current financial resources measurement focus*. This means that only current assets and current liabilities are generally included on their balance sheets. The reported fund balance (net current assets) is considered to be a measure of “available spendable resources.” Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Non-current portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered “available spendable resources,” since they do not represent the net current assets.

Recognition of governmental fund type revenues represented by non-current receivables are deferred until they become current receivables. Non-current portions of long-term receivables are offset by nonspendable fund balance.

Due to the nature of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as *other financing sources* rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s enterprise fund and internal service funds are charges to customers for services provided. Operating expenses for the City’s enterprise fund and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City’s internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal services are the City’s governmental activities, the financial statements of the internal service fund are consolidated in the governmental activities column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (general government, public protection, development, etc.).

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

C) Fund Classifications

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

The *Housing Loans Fund* accounts for revolving loan funds used for activities pertaining to multi-family, first-time homebuyer, rehabilitation and other affordable housing loan and grant programs.

The *Series B Infrastructure Bond Proceeds Fund* accounts for Series B proceeds used to complete various road and infrastructure projects consistent with the original bond issuance.

The *Roads Measure V Fund* accounts for and reports financial resources related to the 1% transaction and use tax for improving and maintaining roads within the City. The tax sunsets in 20 years and an Oversight Committee has been established to review prior year expenditures.

The *Grants Fund* accounts for and reports financial resources for the majority of all capital projects conducted by the City of Clearlake. The projects are funded by grant revenue deposited in Fund 240 or transfers from other funds within the City budget.

Additionally, the City reports the following fund types:

The *Internal Service Fund* accounts for the accumulation of resources for unemployment insurance.

The *Private-purpose Trust Fund* accounts for the balances and transactions of the Successor Agency to the Clearlake Redevelopment Agency.

The *Custodial Fund* accounts for monies held for the Lake County Local Agency Formation Commission (LAFCO).

D) Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments are reported in the accompanying financial statements at fair value, except for certain certificates of deposit and investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rates. Changes in fair value that occur during a fiscal year are recognized as *investment income* reported for that fiscal year. *Investment income* includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The City pools cash and investments of all funds, except for assets held by fiscal agents. Each fund's share in this pool is displayed in the accompanying financial statements as *cash and investments*. Investment income earned by the pooled investments is allocated to the various funds based on each fund's average cash and investment balance.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

For purposes of the statement of cash flows, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates, and have an original maturity date of 3 months or less. Cash equivalents represent the proprietary funds' share in the cash and investment pool of the City.

E) Due from Other Governments

The amounts recorded as due from other governments, include sales taxes, property taxes, and grant revenues, collected or provided by Federal, State, County and City governments and remain unremitted to the City as of June 30, 2022.

F) Fund Balance

The City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions as of June 30, 2011. Fund balances in governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The City considers restricted fund balance to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance - Amounts that cannot be spent either because they are in nonspendable form or are required to be maintained intact.

Restricted Fund Balance - Amounts that are constrained to specific purposes by state or federal laws, or externally imposed conditions by grantors or creditors.

Committed Fund Balance - Amounts that may be specified by the City Council by ordinance to formally commit part of the City's fund balances or future revenues for a specific purpose(s) or program. To change or repeal any such commitment will require an additional formal City Council action utilizing the same type of action that was originally used.

Assigned Fund Balance - Amounts that are constrained by the City Council's intent to use specified financial resources for specific purposes, but are neither restricted nor committed. The City's fund balance policy delegates the authority to assign amounts to be used for specific purposes to the City Manager, or his designee.

Unassigned Fund Balance - These are either residual positive net resources of fund balance in excess of what can properly be classified in one of the other four categories, or negative balances.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

G) Fund Equity

In the government-wide financial statements, net position is classified in the following categories:

Net investment in capital assets describes the portion of net position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulation, laws, or other restrictions which the City cannot unilaterally alter.

Unrestricted describes the portion of net position which is not restricted to use.

H) Property Tax Calendar

Property taxes attach as an enforceable lien on property as of January 1, each year. Taxes are levied on July 1, and are payable in two installments no later than December 10, and April 10, of each year. Lake County bills and collects the property taxes and remits them to the City in installments during the year. Under the provisions of NCGA Interpretation 3, property tax revenue is recognized in the fiscal year for which the taxes have been levied, provided it is collected within 60 days of the end of the fiscal year.

The County is permitted by State law (Proposition 13) to levy taxes at 1% of full market value (at time of purchase) and can increase the property tax rate no more than 2% per year. Property Valuations are established by the Lake County Assessor for the secured and unsecured property tax rolls; the utility property tax roll is valued by the State Board of Equalization. Under the provision of Article XIII-A of the State Constitution (Proposition 13, adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. From this base assessment, subsequent annual increases in valuation are limited to a maximum of two percent. However, an increase to full value is allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations and is subject to annual reappraisal.

I) Compensated Absences

In accordance with GASB Statement No 16, a liability is recorded for unused balances only to the extent that it is probable that the unused balances will result in termination payments. This is estimated by including in the liability the unused balances of employees currently entitled to receive termination payment, as well as those who are expected to become eligible to receive termination benefits as a result of continuing their employment with the City. Upon separation, 100% of accrued vacation leave (up to a maximum of 400 hours) and accrued comp time is paid and, depending on longevity, sick leave is paid out up to 50% of the accrued amount. Other amounts of unused sick leave are excluded from the liability since their payment is contingent solely upon the occurrence of a future event (illness) which is outside the control of the City and the employee.

J) Capital Assets

Capital assets are recorded at cost where historical records are available and at an estimated historical cost where no historical records exist. Contributed capital assets received prior to the implementation of GASB 72 are valued at their estimated fair market value at the date of the contribution. Contributed capital assets received subsequent to the implementation of GASB 72 are recorded at acquisition value as of the date received. The City capitalizes assets with an original cost greater than \$5,000 and with a useful lifespan longer than three years.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Capital assets include public domain (infrastructure) assets consisting of certain improvements including roads, streets, sidewalks, medians and storm drains. Depreciation has been provided using the straight line method over the estimated useful life of the asset in the government-wide financial statements. No depreciation is recorded in the year of acquisition or in the year of disposition.

The following schedule summarizes capital asset useful lives:

Building and improvements	5 - 50 years
Roadway improvements	50 years
Sidewalks, curbs, and gutters	50 years
Storm drain pipes/structures	50 years
Traffic signal devices	5 - 40 years
Landscaping	30 years
Signage	25 years
Leasehold improvements	5 years
Machinery and equipment	3 - 5 years
Vehicles	3 years

K) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City reports deferred outflows of resources related to pension liabilities.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has certain items, which arise only under the modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, special assessments, grant receivables, and other miscellaneous receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City reports deferred inflows as a result of the City's implementation of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, which qualify for reporting in this category.

M) Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the statement of net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

N) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

The Governmental Accounting Standards Board has issued the following Statements, which may affect the City's financial reporting requirements in the future:

GASB 96 – Subscription-Based Information Technology Arrangements: The primary objectives of this statement is to recognize a right-to-use subscription asset and a corresponding subscription liability for subscriptions that meet the criteria as defined in the statement. The requirements of this statement are effective for fiscal years beginning after June 15, 2022.

O) Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Clearlake's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P) Leases

Lessee: The City is a lessee for noncancellable leases of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements and the proprietary funds. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

2) CASH AND INVESTMENTS

Cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 27,442,181
Statement of Fiduciary Net Position:	
Cash and Investments	761,098
Cash and Investments with Fiscal Agents	47
Total Cash and Investments	\$ 28,203,326

Cash and Investments consist of the following:

Cash on Hand	\$ 640
Deposits with Financial Institutions	20,086,464
Investments	8,116,222
Total Cash and Investments	\$ 28,203,326

Investments Authorized by the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, if more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Authorized Investment Type	Authorized by Investment Policy	Maximum Maturity*	Maximum Percentage of Portfolio*	Maximum Investment In One Issuer*

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provision of the California Government Code or the City’s investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment In One Issuer</u>
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker’s Acceptances	180 days	40%	30%

Repurchase Agreements	270 days	30%	None
Investment Contracts	30 years	None	None
Local Agency Investment Fund (LAIF)	N/A	50 million	None

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rate. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City’s investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City’s investment by maturity:

<u>Investment Type</u>	<u>Remaining Maturity (in Months)</u>			<u>Total</u>
	<u>12 Months or Less</u>	<u>1 to 2 Years</u>	<u>2 to 5 Years</u>	
Local Agency Investment Fund Held by Bond Trustee:	\$ 8,116,175	\$ -	\$ -	\$ 8,116,175
Money Market Mutual Funds	47	-	-	47
Total Pooled Investments	<u>\$ 8,116,222</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,116,222</u>

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

2) CASH AND INVESTMENTS – Continued

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization.

The Local Agency Investment Fund is not required to be rated. Money Market Mutual funds held by bond trustees are rated AAA.

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. As of June 30, 2022, there were no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2022, no deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities.

Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF). As of June 30, 2022, none of the City's investments were held by the broker-dealer (counterparty) that was used by the City to purchase the securities.

For investments identified herein as held by bond trustee, the bond trustee selects the investments under terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

2) CASH AND INVESTMENTS – Continued

Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Local Agency Investment Fund and money market mutual funds are not subject to the fair value hierarchy; therefore, the City has no investments that are subject to recurring fair value measurements.

Investment in State Investment Pool

The City is a voluntary participant in the LAIF that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

3) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables at June 30, 2022 are as follows:

<u>Due To (Receivable)</u>	<u>Due From (Payable)</u>	<u>Amount</u>
General Fund	Housing Loans	\$ 43,061
	Roads Measure V	174,342
	Grants	1,839,997
	Non-major Governmental Funds	196,491
Grants Capital Projects Fund	General Fund	<u>109,560</u>
Total		<u>\$ 2,363,451</u>

The amounts due from other funds will be paid when grants are reimbursed in the following fiscal year.

Transfers consisted of the following at June 30, 2022:

<u>TRANSFERS OUT</u>	<u>TRANSFERS IN</u>		
	<u>HOME</u>		
	<u>RLF</u>	<u>Grants</u>	<u>Total</u>
General Fund	\$ -	\$ 5,033,212	\$ 5,033,212
Roads Measure V	-	2,632,887	2,632,887
Non-Major Funds	1,240,019	585,562	1,825,581
Total	<u>\$ 1,240,019</u>	<u>\$ 8,251,661</u>	<u>\$ 9,491,680</u>

Transfers were made to the Grants Capital Projects Fund from the General Fund, Roads Measure V Fund and the non-major governmental funds to pay for various capital projects. In addition, the non-major CDBG Code Enforcement Fund transferred \$1,240,019 of loans receivable to the Housing Loans Special Revenue Fund.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

4) LOANS AND NOTES RECEIVABLE

Through the City's various housing rehabilitation funds, first-time home buyer's funds, and business/economic development loan funds, the City has loaned funds to qualifying individuals and businesses. Interest rates vary depending on the terms of the loan. Interest is accrued on the loans that bear interest. The balance of the loans receivable includes the accrued interest earned and deferred until future periods and an allowance for doubtful accounts of \$7,725,758.

Loans and notes receivable for the year ended June 30, 2022, consisted of the following:

Fund	Beginning Balance	Additions	Deletions	Ending Balance
Housing Loans Special Revenue Fund	\$ 6,792,482	\$ 80,000	\$ 290,798	\$ 6,581,684
Nonmajor Governmental Funds	1,093,218	-	-	1,093,218
Total	\$ 7,885,700	\$ 80,000	\$ 290,798	\$ 7,674,902

5) CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 is as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Nondepreciable Capital Assets				
Land and Land Improvements	\$ 7,723,971	\$ 1,994,818	\$ 126,152	\$ 9,592,637
Construction in Progress	1,000,452	9,369,606	26,368	10,343,690
Total Capital Assets Not Depreciated	8,724,423	11,364,424	152,520	19,936,327
Depreciable Capital Assets				
Buildings and Improvements	3,061,387	120,335	-	3,181,722
Equipment	1,884,038	-	-	1,884,038

Right-to-use Leased Vehicles	335,193	165,726	-	500,919
Total Accumulated Depreciation	8,863,478	1,200,364	-	10,063,842
Net Depreciable Capital Assets	19,905,365	(597,131)	-	19,308,234
Total Capital Assets, Net	\$ 28,629,788	\$ 10,767,293	\$ 152,520	\$ 39,244,561

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

5) CAPITAL ASSETS - Continued

Depreciation expense was charged in the following function of the Statement of Activities:

General Government	\$ 115,371
Public Safety	216,098
Public Works and Streets	<u>868,895</u>
Total Depreciation Expense	<u>\$ 1,200,364</u>

6) LONG-TERM LIABILITIES

The following is a summary of long-term liabilities, all of which are funded by the General Fund, for the year ended June 30, 2022:

Governmental Activities:	<u>Beginning Balance</u>	<u>Additions*</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Compensated Absences	\$ 333,814	\$ -	\$ 106,576	\$ 227,238	\$ 65,000
Net Pension Liability	7,837,662	-	3,610,482	4,227,180	-
Claims Payable	238,202	8,723	72,890	174,035	-
Loans from direct borrowings:					
2022 Installment Sale Agreement	-	14,755,000	-	14,755,000	1,050,436
Energy Efficiency Loan	678,805	-	46,238	632,567	47,590
Lease Payable	153,870	522,699	258,691	417,878	234,019
Total	<u>\$ 9,242,353</u>	<u>\$ 15,286,422</u>	<u>\$ 4,094,877</u>	<u>\$ 20,433,898</u>	<u>\$ 1,397,045</u>

*Additions to Lease Payable includes a prior period adjustment of \$451,410 due to the implementation of GASB 87. See Note 12 for more information.

Compensated absences and the net pension liability are typically liquidated by the General Fund.

Energy Efficiency Lease Agreement (direct borrowing)

In April 2017, the City entered into a lease-purchase agreement for the acquisition and installation of certain energy conservation equipment including lighting and solar with an aggregate principal borrowing of \$808,519. The proceeds are to be used to pay for the energy efficiency and conservation improvements as specified in the agreement. The payments bear interest at 3.50% and are due and payable annually on November 15th and each year, maturing on November 15, 2032. The General Fund will generally be responsible for making the debt service payments annually.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

6) LONG-TERM LIABILITIES – Continued

The annual debt service requirements for the lease agreement as of June 30, 2022 are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 47,590	\$ 22,649	\$ 70,239
2024	48,209	20,917	69,126
2025	50,360	19,141	69,501
2026	53,233	18,278	71,511
2027	56,478	15,306	71,784
2028	59,962	13,214	73,176
2029	63,696	10,992	74,688
2030	67,690	8,631	76,321
2031	71,865	6,123	77,988
2032	75,070	3,461	78,531
2033	38,414	701	39,115
Totals	<u>\$ 632,567</u>	<u>\$ 139,413</u>	<u>\$ 771,980</u>

Leases Payable (direct borrowing)

The City, at various occasions, enters into lease agreements that qualify as lease liabilities for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. The amount of the leased assets recognized, net of accumulated amortization is \$450,582. The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2022, were as follows:

Fiscal Year Ending June 30,	Governmental Activities
2023	\$ 276,896
2024	131,101
2025	45,009
2026	17,569
2027	3,432
Totals	<u>\$ 474,007</u>
Less: Interest	<u>(56,129)</u>
Present Value	<u>\$ 417,878</u>

2022 Installment Sale Agreement (direct borrowing)

In June 2022, the City of Clearlake Public Financing Authority issued \$14,755,000 in an installment sale agreement for the financing of certain improvements of the City's roads and related infrastructure. The City is required to make semi-annual principal and interest payments (3.2% per annum) on December 1 and June 1 of each fiscal year, commencing on December 1, 2022. The installment payments are secured by lease payments from the City of Clearlake to the City of Clearlake Public Financing Authority. The lease payments are secured by Measure V Sales tax override funds. The following represents the future lease payments on installment sale agreement:

7) PENSION PLAN

General Information about the Defined Benefit Pension Plan

Plan Description – All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees’ Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all others.) Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City of Clearlake sponsors 2 rate plans (both are miscellaneous.) Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – The Plan is a cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS). A full description of the pension plan benefit provisions, assumptions for funding purposes but not accounting purposes, and membership information is listed in the June 30, 2020 Annual Actuarial Valuation Report. Details of the benefits provided can be obtained in Appendix B of the June 30, 2020 actuarial valuation report. This report is a publicly available valuation report that can be obtained at CalPERS’ website under Forms and Publications.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

7) PENSION PLAN – Continued

The Plan's provisions and benefits in effect at June 30, 2022, are summarized as follows:

	Miscellaneous	Miscellaneous PEPRA
	Prior to January 1, 2013	On or after January 1, 2013
Hire date		
Benefit formula	2% @ 55	2% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 63	52 - 67
Monthly benefits, as a % of eligible compensation	2%	2%
Required employee contribution rates	7%	6.75%
Required employer contribution rates	10.34% + \$161,420	7.59% + \$3,929
	Safety Police	Safety Police PEPRA
	Prior to January 1, 2013	On or after January 1, 2013
Hire date		
Benefit formula	3% @ 50	2% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 55	50 - 57
Monthly benefits, as a % of eligible compensation	3%	2% to 2.7%
Required employee contribution rates	9%	12%
Required employer contribution rates	22.48% + \$396,388	13.13% + \$5,740

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability and side fund. The dollar amounts are billed on a monthly basis. The City's required contribution for the unfunded liability was \$567,477 in fiscal year 2022. The City's contributions to the Plan for the year ended June 30, 2022 were \$1,070,992.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

7) PENSION PLAN – Continued

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2022, the City reported a net pension liability for its proportionate shares of the net pension liability of the Plan of \$4,227,180. The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability as of June 30, 2020, and 2021 was as follows:

Proportion - June 30, 2020	0.07203%
Proportion - June 30, 2021	0.07816%
Change - Increase (Decrease)	0.00613%

For the year ended June 30, 2022, the City recognized pension expense of \$108,076. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,070,992	\$ -
Differences between actual and expected experience	658,349	-
Changes in assumptions	-	-
Change in employer's proportion	34,276	123,930
Differences between employer's contributions and employer's proportionate share of contributions	69,658	272,276
Net differences between projected and actual earnings on plan investments	-	2,818,108
Total	\$ 1,833,275	\$ 3,214,314

\$1,070,992 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,	Amount
2023	\$ (628,632)
2024	(506,007)
2025	(640,784)
2026	(776,608)
2027	-
Thereafter	-

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

7) PENSION PLAN – Continued

Actuarial Assumptions – The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation date	June 30, 2020
Measurement date	June 30, 2021
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	7.15%
Inflation	2.50%
Projected salary increase	(1)
Investment rate of return	7.15%
Mortality	(2)

- (1) Depending on age, service and type of employment
(2) Derived using CalPERS' Membership Data for all Funds.

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Long-term Expected Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows.

Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund.

The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as follows:

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	50%	4.80%	5.98%
Global Fixed Income	28%	1.00%	2.62%
Inflation Assets	-	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	-	-0.92%

- (1) An expected inflation of 2.0% used for this period.
(2) An expected inflation of 2.92% used for this period.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

7) PENSION PLAN – Continued

Discount Rate – The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Subsequent Events - On July 12, 2021, CalPERS reported a preliminary 21.3% net return on investments for fiscal year 2020-21. Based on the thresholds specified in CalPERS Funding Risk Mitigation policy, the excess return of 14.3% prescribes a reduction in investment volatility that corresponds to a reduction in the discount rate used for funding purposes of 0.20%, from 7.00% to 6.80%. Since CalPERS was in the final stages of the four-year Asset Liability Management (ALM) cycle, the board elected to defer any changes to the asset allocation until the ALM process concluded, and the board could make its final decision on the asset allocation in November 2021.

On November 17, 2021, the board adopted a new strategic asset allocation. The new asset allocation along with the new capital market assumptions, economic assumptions and administrative expense assumption support a discount rate of 6.90% (net of investment expense but without a reduction for administrative expense) for financial reporting purposes. This includes a reduction in the price inflation assumption from 2.50% to 2.30% as recommended in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City’s proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease		6.15%	
Net Pension Liability	\$		8,361,523
Current Discount Rate		7.15%	
Net Pension Liability	\$		4,227,180
1% Increase		8.15%	
Net Pension Liability	\$		824,256

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan

At June 30, 2022, the City reported no payables to the pension plan, for outstanding contributions required for the year ended June 30, 2022.

City of Clearlake
Notes to Financial Statements
Year Ended June 30, 2022

8) SUMMARY DISCLOSURE OF SELF-INSURANCE CONTINGENCIES

The City of Clearlake (“City”) is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City obtains insurance coverage. The City maintains self-insurance programs for workers’ compensation, general and auto liability. Claims are processed by an independent third-party claims administrator.

The City is a member of the Public Agency Risk Sharing Authority of California- PARSAC (“Authority”), a joint powers authority, which provides joint protection programs for public entities covering automobile, general liability, errors and omission losses, workers’ compensation, and property claims. Under the program, the City has a \$50,000 retention limit similar to a deductible with the Authority being responsible for losses above that amount up to \$1 million. The Authority has additional coverage of \$49 million in excess of its \$1 million retention limit through affiliated risk management authorities.

Liabilities of the City are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

The Authority covers workers’ compensation claims up to its self-insurance limit of \$500,000. The Local Agency Workers Compensation Excess Pool provides excess coverage to statutory limits. The City pays an annual premium to the Authority and may share in any surplus revenues or may be required to pay additional assessments based upon the Authority’s operating results. Financial statements of the Public Agency Risk Sharing Authority of California (PARSAC) may be obtained from its administrative office located at 1525 Response Road, Suite One, Sacramento, California, 95815; www.parsac.org or by calling (916) 927-7727.

Included in the accrued claims liability is an estimated liability for claims filed, as calculated by the City’s third-party claims administrator, but not paid, in the amount of \$174,035 for workers’ compensation.

Fiscal Year	Claims Payable Beginning of Year	Additions	Deletions	Claims Payable End of Year
6/30/22	\$ 238,202	\$ 8,723	\$ 72,890	\$ 174,035
6/30/21	118,316	119,886	-	238,202

During the past three fiscal years none of the above programs of protection have had settlements or judgments that exceeded pooled or insured coverage. There have been no significant reductions in pooled or insured liability covered from coverage in the prior year.

9) COMMITMENTS AND CONTINGENCIES

The City has received State and Federal funds that are subject to review and audit by the grantor agencies. Such audits could generate expenditure disallowances under terms of the grants; however, it is believed that any such reimbursements will not be significant.

11) ACCUMULATED FUND DEFICITS

At June 30, 2022, the following funds had deficit fund balances:

Non-major Funds	
HCD Planning Grants Fund	\$ (153,472)
Recycle Fund	(8,077)

These deficits will be eliminated through the collection of unavailable revenues and future revenues.

12) RESTATEMENT OF NET POSITION

The City implemented *GASB 87, Leases* in the current fiscal year which resulted in adjustment to the beginning statement of net position of \$13,831 which was the net result of recording the right-to-use assets along with the related lease payable. In addition, an adjustment was made to remove \$350,000 in capital assets that should have been removed in prior years. This results in a net restatement of net position of \$363,831.

1. Budgetary Control and Accounting

The City Council approves each year's budget submitted by the City Manager and Assistant City Manager prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. All supplemental appropriations, where required during the period, are also approved by the Council. Intradepartmental budget transfers are approved by the City Manager. In most cases, expenditures may not exceed appropriations at the departmental level within the general fund and at the fund level for other funds. At fiscal year-end, all operating budget appropriations lapse.

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

INDEPENDENT ACCOUNTANT'S REPORT ON AGREED-UPON PROCEDURES APPLIED TO APPROPRIATIONS LIMIT WORKSHEETS

City Council
City of Clearlake
Clearlake, California

We have performed procedures enumerated below to be the accompanying Appropriations Limit worksheet of the City of Clearlake, for the year ended June 30, 2022. These procedures, which were agreed to by the City of Clearlake and the League of California Cities (as presented in the publication entitled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII B of the California Constitution*), were performed solely to assist the City in meeting the requirements of Section 1.5 of Article XIII B of the California Constitution. The City's management is responsible for the Appropriations Limit worksheet. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We obtained the completed worksheets and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned documents to those that were selected by a recorded vote of the City Council.

Finding: The factor adopted by City Council Resolution No. 2021-32 for the California Per Capita Personal Income index does not agree with the factor used in the calculation for the limit for FY 2021-22. The California Personal Income Index factor adopted was 5.73% and the change in population was (-.11%), however, the factor used in the calculation was 0.47%. The effect of this difference resulted in a GANN Limit adopted that is \$452,200 less than allowable under Article XIII B of the California Constitution.

2. For the accompanying Appropriations Limit worksheet, we added last year's limit to total adjustments and agreed the resulting amount to this year's limit.

Finding: No exceptions were noted as a result of our procedures.

3. We agreed the current year information presented in the accompanying Appropriations Limit worksheet to the other documents referenced in #1 above.

Van Lant & Fankhanel, LLP

29970 Technology Drive, Suite 105 A
Murrieta, CA 92563
909.856.6879

Finding: The factor used by the City for the per capita personal income index does not agree with the Price and Population Information report from the California Department of Finance.

4. We agreed the prior year appropriations limit presented in the accompanying Appropriations Limit worksheet to the prior year appropriations limit adopted by the City Council during the prior year.

Finding: No exceptions were noted as a result of our procedures.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on the accompanying Appropriations Limit worksheet. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriations limit for the base year, as defined by the League publication entitled *Article XIII B of the California Constitution*.

This report is intended solely for the use of the City Council and management of the City of Clearlake and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Van Lant + Fankhanel, LLP
