**WHAT IS BEING ASKED OF THE CITY COUNCIL/BOARD:**

The City Council is being asked to consider extending the closure of roads to reduce illegal dumping and to protect the environment and public health and welfare.

**BACKGROUND/DISCUSSION:**

In July of 2020 the City Council had a public hearing and authorized the closure of certain roads to prevent illegal dumping and other illegal activities. Subsequent to this action the city purchased thousands of feet of K-Rail construction barrier, gates and other materials to physically block off the area. While initially effective additional work has been required to strengthen the physical barriers a few times. Staff does believe that the operation has been undoubtedly effective in controlling illegal dumping in the area and an extension is warranted. The California Vehicle Code requires a public hearing be conducted every 18 months to extend the road closure.

The impacted area under this closure is Burns Valley Road – from Arrowhead Dr. to Acacia St, which was originally closed by action of the Council in July of 2021. This is the similar action taken to close the Gobi area to deter illegal dumping and other activity.
