

SS-PV ZONE

17.29.010 Intent and purpose.

This zone is intended to provide for and encourage the orderly development of the core of the Pueblo Viejo District. The core of the Pueblo Viejo District is envisioned, by the city's General Plan and Pueblo Viejo Vision Plan, as a higher-density mixed-use (either vertical and/or horizontal) downtown area that provides for a wide variety of multi-family residential housing, office, and retail uses. This zone encourages a high-energy pedestrian-friendly environment with street-facing buildings, maintained building lines, a variation of architectural character, and sidewalk and public spaces to provide for gathering spaces and promote outdoor activities including dining, people watching, public art and passive recreation. Motorized vehicle access would minimize impacts on a highly connected pedestrian environment with alley and rear entry access, parking in structures or internal to blocks, and services located behind buildings, in alleyways or rear parking areas. The use of the public realm is encouraged with on-street dining and temporary uses encouraged on sidewalks and adjoining setbacks for these purposes.
