BACKGROUND:

The requirements for receipt of Measure A Local Street and Roads funding are to submit a Five-Year Capital Improvement Projects Plan (CIP), a signature on the Maintenance of Effort Certification, and a Project Status Report for the prior fiscal year funding.

The Five Year CIP plan is a list of proposed uses for Measure A Local Streets and Roads funding and must be based upon the revenue projections provided from Riverside County Transportation Commission. The projects include the description of the anticipated project, the funding sources of the project, and expenditures that will be anticipated from year to year.

The Measure A Ordinance requires annual certification that discretionary General Fund expenditures for transportation related construction and maintenance activities for Fiscal Year 2019/2020 will meet or exceed the Maintenance of Effort Certification Base Year requirement. This certification process is one part of the regulations to receive Measure A funding.

The Riverside County Transportation Commission must also receive a Project Status Report for the prior fiscal year. The purpose of this report is to document the progress to date on engineering, right-of-way acquisition, and the construction that Measure A is funding as well as the completion date or anticipated completion date.
