City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and

regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability. (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): 1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(2) Contractual Liability Exclusion Deleted: This insurance shall include contractual liability applicable to this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its

officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over \$25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over \$15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

EXHIBIT "A" SCOPE OF SERVICES

SCOPE OF SERVICES

ESTABLISH A STRONG FOUNDATION

In this project's initial phase, the team will engage in a due diligence process designed to inform the team and key City staff on the primary issues to be addressed and gather and review relevant data and background information.

TASK A.1: INITIATION MEETING

Following the review of existing data, the project team will meet with City staff to establish a mutual understanding of the key issues, further define the scope, project schedule, expectations, layout of significant project milestones, meeting times, deliverable targets, and review pertinent data. Based on evolving COVID restrictions, a digital meeting or Google field trip may be necessary.

Deliverables:

- One (1) meeting with City staff
- One (1) meeting minutes

TASK A.2: DATA GATHERING AND DOCUMENT RESEARCH

As a first step in the process, the team will collect and review all data relevant from design guidelines, the general plan, the development code, specific plans, the local jurisdiction's unique requirements, and other planning efforts that have a bearing on the communities. RRM will work with staff to compile a preliminary survey of existing City lots to identify the typical prevalent sizes and configurations. Next, RRM, in coordination with City staff, will review identified opportunities for implementation to further inform the final design solutions. Finally, RRM will prepare a program memo to document the project goals and alternatives the City wishes to achieve with the final designs.

Deliverables:

- ADU due diligence memo
- One (1) meeting with City staff

ADU DESIGN

The baseline generic prototypes, which could be utilized as ADUs, or standalone single-family dwellings designed to fit on generic flat lots, include the following:

- Two approximately 400-500 sq ft: free-standing studio ADUs in compliance with California Residential Code, California Code of Regulations, Title 24, Part 2.5, not exceeding 16' in height and designed to conform to a typical flat lot
- Two approximately 700-850 sq ft: free-standing one-bedroom, one-bathroom ADU in compliance with California Residential code, not exceeding 16' in height and designed to conform to a typical flat lot
- Two approximately 1,200 sq ft: free-standing two-bedroom, two-bathroom ADU in compliance with California Residential code, not exceeding 16' in height and designed to conform to a typical flat lot

Each plan type will be designed to adapt to and include two alternate elevation styles to conform to the City's trending architectural vernacular, including incorporating styles and details identified in the City's Pueblo Viejo District Plan. The final permit documents will provide each plan type with reverse floor plans.

Each of the six base plans may be provided with interior design options, including ADA adaptable and fully accessible options, storage options, additional bedroom or flex space options, and multiple entry locations to allow personalization and site flexibility. This approach allows for the three base plans to serve as many times as the number of designs.

TASK A.3 CONCEPTUAL ADU PLAN DEVELOPMENT

RRM will compile the relevant data and goals from the research and City meetings to establish a straightforward program with identified constraints and opportunities to be used as the basis for the preliminary design. Based on the initial description, RRM will provide design concept options for the final plan direction through staff review.

Deliverables:

- *PDF format submittal*
- *One (1) meeting with the City staff; a preliminary plan option review*
- *Preliminary site/floor plans for three (3) unit prototypes*

Schedule:

- *Three (3) weeks included staff review meetings*

Meeting:

- *One (1) concept design review meeting*

TASK A.4: PRELIMINARY (30%) ADU DESIGN

RRM recognizes that residential design can be one of the purest manifestations of community character, and many people are passionate about homes. Therefore, RRM encourages a collaborative approach to working with staff to deliver designs that respond to the community's unique character. Following the initial staff collaboration in Task A.3 above, RRM will design a series of preliminary site plans/floor plans, sections, and elevations for the unit prototypes. We will review the designs with staff for comment and approval at approximately the 30% completion stage. The designs will include typical front elevation style options. Plans will be based on generic sites as directed by staff.

Deliverables:

- *PDF format submittal*
- *One (1) meeting with the City staff; a preliminary plan, massing, and elevation review meeting (currently expected to be conducted remotely on the platform of City's choice)*
- *Preliminary site/floor plans for six (6) unit prototypes*

- *Preliminary sections for six (6) unit prototypes, as needed*
- *Preliminary style options for front elevation of two (2) options per plan for a total of twelve (12) front elevations*

Schedule:

- *Four (4) weeks included staff review meetings*

Meeting:

- *One (1) preliminary design (30% set) review meeting prior to the development of the final schematic design package for review and approval to proceed*

TASK A.5: SCHEMATIC (65%) ADU DESIGN

Based on staff feedback on the preliminary design, RRM will refine the schematic design to an approximately 65% completion level for review by staff and any public outreach efforts. The submittal will be architecture-specific and for a non-specific generic site; no civil engineering or landscape architecture will be provided for review. It is assumed that City staff will coordinate all submittals, applications, and notices associated with any public hearings if desired. Attendance and presentation documented for any public outreach or hearings are addressed in Task A.7 below.

Deliverables:

- *PDF format 65% plan set*
- *Floor plans for six (6) ADU prototypes with design options*
- *Sections for six (6) ADU prototypes*
- *Elevations for six (6) ADU prototypes; four (4) sides for each unit*
- *Two (2) style options of the front elevations of each of the six (6) ADU base unit prototypes;*
- *Color and material boards; one (1) for each elevation style as printed images*
- *Twelve (12) 3D color-rendered front views suitable for publication*

Schedule:

- *Four (4) weeks included staff review meetings*

Meeting:

- *One (1) staff review meetings*

ADU CONSTRUCTION DOCUMENTS

TASK A.6: DOCUMENT PREPARATION AND PLAN REVIEW

Our experience providing simple, cost-effective designs and plans complying with California Residential Code conventional construction requirements provides a strong base for further modification. A fully construction-ready plan of conditions meets code requirements. Our proposed scope provides for a fully designed building based on CRC conventional construction. It utilizes a complying braced wall system that allows for significant customization within the pre-approved standard, reducing time and costs to the end user. All unit elevations are customizable to allow for variations in exterior materials and door and window fenestration to express individual owners' tastes and community character. This will be achieved by stating the minimum shear wall panel requirements for each exterior wall. Most interior walls will not be used for bearing, allowing further flexibility for the end user. For construction cost, speed, and simplicity, designs are anticipated to utilize truss roof framing.

Our goal would be to express the design intent with a structural system that considers the most material and cost-efficient approach to provide a more implementable, affordable housing solution. This detailed review is typically only achievable with an in-house structural design team where all parties share a mutual goal.

Title 24 energy compliance will be four orientation designs, allowing full implementation across sites. No mechanical and electrical engineering design is anticipated beyond typical line diagrams. Again, design efficiency will be a key parameter for mechanical and electrical design. RRM is a leader in efficient, sustainable design. We anticipate only one round of plan check revisions and resubmittal. RRM anticipates a single-City coordinated review for all departments. The City will be responsible for the coordination of plan reviews.

As part of the construction document scope, an ADU application submission template will be developed to allow individual lot-specific submissions and alternate design submissions. The submission template will be developed to be submitted using the City's standard submittal process.

Plans to be produced to the following criteria:

1. All designs shall fully comply with the 2022 California Residential Code, California Code of Regulations, Title 24, and Part 2.5.
2. All designs shall comply with the 2022 California Building Code (CBC), California Code of Regulations, Title 24, and Part 2 for structure(s) or element(s) exceeding the design limitations in the CRC or specifically directed by the CRC to use the CBC.
3. Minimum Energy Compliance Design Criteria: State Title 24 Energy Compliance documentation in all four primary orientations (north-, south-, east-, and west-facing).
 - a. Climate Zone: 15
 - b. Exterior Wall Insulation: R-15
 - c. Attic Insulation: R-30
 - d. Designed for both heating and cooling: 92 AFUE (Heating); 15 SEER (cooling)
4. Foundation Design Criteria:

The foundation design is generally site-specific, although the building code does allow for code minimums and the waiving of site-specific soils geotechnical investigations. The foundation design is provided for building sites that do not exceed a slope of one vertical to three horizontal units. The design does not assume unstable soil or expansive clay soil:

 - a. Soil Bearing Pressure: 1,500 PSF (without Geotechnical Report)
 - b. Lateral Bearing Pressure: 100 PCF
 - c. Foundation Depth Below Ground Surface: 18 inches min.

5. Front porch options shall be provided on at least one elevation style of each plan type. Porch detailing shall include at a minimum:
 - a. Ledger and attachment details
 - b. Porch framing member size, spacing and connection details
 - c. Column size and isolated footing design, including connection details
 - d. Any soffit and finish trim details required to fulfill the design intent.
6. Fire Resistive Construction Details:
 - a. The proposed detached units should be anticipated to be located within four feet of a real or assumed property line on the rear or side elevation
 - b. Therefore, for each of the proposed plan elevations, the rear and side elevations will be designed with options to comply with CRC Table R332.1 (1) Fire Resistance Protection/Rating of exterior Wall elements
7. The following minimum fire protection details shall be included within the plans:
 - a. One- (1-) hour fire-rated wall construction detail for each architectural style that would comply with ASTM e119 or ul 263 testing
 - b. One- (1-) hour fire-rated projection details on the underside of the projection for each architectural plan style and assume a two-foot minimum fire separation distance
 - c. Design elevation where the opening on the exterior firewalls shall not exceed 25% of the wall area
 - d. Specifications and details of roofing material and roof sheathing that would comply with a two- (2-) foot minimum fire separation distance

Deliverables:
