Section 2. CEQA Findings

Based upon its review of the entire record, including the Staff Report, any public comments or testimony presented to the Planning Commission, and the facts outlined below, the Planning Commission hereby finds and determines that the proposed project will not result in any new environmental effects that were not previously analyzed as part of the original project under Environmental Initial Study 07-16 on May 7, 2008 for Fountainhead Plaza for all phases of the project.

Section 3. Conditional Use Permit (CUP 346) and Architectural Review Findings

With respect to Conditional Use Permit (CUP) 346 and Architectural Review 21-12, the Planning Commission finds as follows for the proposed for the 2,600 sq. ft. drive-thru restaurant and the 20,422 sq. ft. supermarket:

1. The Conditional Use Permit and Architectural Review is consistent with the goals, objectives, policies, and implementation measures of the Coachella General Plan 2035, except as recognized that the project has vested rights to the development of drive-thru restaurants and service stations previously vested under CUP No. 233 and AR No. 07-20. Staff requested direction from the Planning Commission at the June 3, 2015, Planning Commission hearing through a policy discussion item on the agenda. The Commission did find that the proposed drive-thru and service station are in harmony with the immediate vicinity of the proposed site and indicated that any future proposed development on the vacant portion of the site must be in strict compliance with the newly adopted City of Coachella General Plan 2035. The site has a Downtown Center land use designation that allows for a range of retail uses. The proposed uses on the site are in keeping with the policies of the Downtown Center land use classification and the Project is internally consistent with other General Plan policies for this type of development.
2. The proposed uses will be located, designed, constructed, operated and maintained so as to be compatible with the existing or intended character of the general vicinity and shall not change the essential character of the same area. The proposed project is in compliance with the applicable development standards for the C-G (General Commercial) Zoning District of the City's Zoning Code. The site plan proposes the construction and operation of a development consisting of a 2,600 sq. ft. drive-thru restaurant and 20,422 sq. ft. supermarket, on 2.85 acres of vacant land of a 5.9 acre site within Tentative Parcel Map 37940, in accordance with section 17.74.010 of the Coachella Municipal Code. The drive-thru restaurant can accommodate 10 vehicles in drive-thru lane and satisfies the City's minimum stacking requirement of 8 vehicles.
3. Consideration is given to harmony in scale, bulk, coverage and density, to the availability of public facilities and utilities, to harmful effect, if any, upon desirable neighborhood character, to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development. The proposed project is in compliance with the applicable

development standards for the C-G (General Commercial) Zoning District of the City's Zoning Code. The proposed development consists a 2,600 sq. ft. drive-thru restaurant and 20,422 sq. ft. supermarket, on 2.85 acres of vacant land of a 5.9 acre site which will provide City residents and regional residents with an alternative dining choice and an additional service station with a convenience store which will provide convenience to motorist within the region. The proposed use is compatible with existing adjacent uses which include similar land uses and large commercial development sites.

4. The Project will be compatible with neighboring properties with respect to land development patterns. The proposed development would development according to the development standards of the C-G Zone at a scale, massing, and aesthetic appeal of existing development is in keeping with development of neighboring properties.
5. The proposed use will include three new vehicular approaches to the property designed to improve off-site and on-site vehicular circulation for existing traffic on surrounding public streets or roads. Evidence of this is reflected in the provided site plan design. The three new proposed drive aisles and internal circulation have been reviewed and approved by the Fire Department and the Engineering Department.

Section 4. Conditional Use Permit Findings – CUP 347

With respect to Conditional Use Permit (CUP) 347, the Planning Commission finds as follows for the proposed for Type 20 Off-Sale Beer and Wine at the 20,442 sq. ft. supermarket:

1. The Conditional Use Permit is consistent with the goals, objectives, policies, and implementation measures of the Coachella General Plan 2035, except as recognized that the project has vested rights to the development of drive-thru restaurants and service stations previously vested under CUP No. 233 and AR No. 07-20. The proposed uses on the site are in keeping with the policies of the Downtown Center land use classification and the Project is internally consistent with other General Plan policies for this type of development.
2. The proposed uses will be located, designed, constructed, operated and maintained so as to be compatible with the existing or intended character of the general vicinity and shall not change the essential character of the same area. The proposed project is in compliance with the applicable development standards for the C-G (General Commercial) Zoning District of the City's Zoning Code. 3. Consideration is given to harmony in scale, bulk, coverage and density, to the availability of

public facilities and utilities, to harmful effect, if any, upon desirable neighborhood character, to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development. The proposed project is in compliance with the applicable development standards for the C-G (General Commercial) Zoning District of the City's Zoning Code. The proposed development consists a 2,600 sq. ft. drive-thru restaurant and 20,422 sq. ft. supermarket, on 2.85 acres of vacant land of a 5.9 acre site which will provide City residents and regional residents with an alternative dining choice and an additional service station with a convenience store which will provide convenience to motorist within the region. Evidence of this is reflected in the provided site plan design. The three new proposed drive aisles and internal circulation have been reviewed and approved by the Fire Department and the Engineering Department.
6. Although the Aldi supermarket Type 20 Off-Sale Beer and Wine establishment does fall within seven hundred (700) feet, measured from property line to property line, of a use for religious worship (Centro Catolico Martin Ortiz), and residential use, the benefit of the supermarket outweighs the distance restrictions and the public convenience or necessity is justified to issue the off-sale beer and wine license as the supermarket will offer a wide selection of food products, will increase the availability of fresh produce to Coachella residents and provide goods at a location within walking distance from surrounding neighborhoods in keeping with the walkable character promoted by the Downtown Center land use designation for the Coachella General Plan 2035.
7. Although the Aldi supermarket Type 20 Off-Sale Beer and Wine establishment does fall within seven hundred (700) feet, measured from property line to property line, of an existing liquor, off-sale use (Walgreens, 99 Cent Store, and Cardenas market) the benefit of the supermarket outweighs the distance restrictions and the public convenience or necessity is justified to issue the off-sale beer and wine license as the supermarket will offer a wide selection of food products, will increase the availability of fresh produce to Coachella residents and provide goods at a location within walking distance to the immediate neighborhood not provided by another existing establishment in keeping with the walkable character promoted by the Downtown Center land use designation for the Coachella General Plan 2035. A condition of approval for CUP 347 requires that not greater than five percent of the sales floor area or one thousand (1,000) square feet, whichever is less, shall be used for the display or sale of alcoholic beverages.
8. The supermarket Type 20 Off-Sale Beer and Wine establishment at the location will not adversely affect the economic welfare of the nearby community, but rather would expand the availability of jobs by a major anchor tenant and would serve as a catalyst to the

development of the other vacant retail pads within the commercial center which would also provide jobs and increase the City's sales tax revenues.

9. The exterior appearance of the structure of the proposed establishment will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight or deterioration, or substantially diminish or impair the property values within the neighborhood insofar that the architectural design of the building is modified as conditioned inclusive of architectural enhancements to the front elevations and extending parapet walls above the height of rooftop mechanical equipment for screening purposes.
