NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of Coachella, California does hereby approve Conditional Use Permit No. 357 (Modification), subject to the findings and conditions of approval listed below.

FINDINGS FOR APPROVAL OF CONDITIONAL USE PERMIT NO. 357 (Modification):

1. The proposed use will not be in conflict with, but will be in harmony with and in accordance with the objectives of the general plan because the proposed restaurant use with alcohol sales is within the Downtown Center land use designation according to the General Plan 2035, which allows the intended physical character to provide a convenient and congenial environment for everyday shopping and dining, the Downtown brings the entire community together in a one-of-a-kind Coachella center that is the civic heart of the City. The on sale offerings of beer and wine at Coachella General will provide a unique service to the Downtown Center and citywide that accomplished the goals of the General Plan.
2. The proposed use will be located, designed, constructed, operated and maintained so as to be compatible with the existing character of the general vicinity and shall not change the essential character of the same area because the proposed use is within a zoning designation of 'C-G' (General Commercial) which permits cocktail lounges subject to obtaining a conditional use permit to sell alcoholic beverages. The proposed use in the Sixth Street commercial core area and is compatible with the adjoining commercial uses and the conditional use permit can be revoked if any of the conditions of approval are violated.
3. Consideration has been given to harmony in scale, bulk, coverage and density, to the availability of public facilities and utilities, to harmful effect, if any, upon desirable neighborhood character, to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of development, because the existing commercial tenant space is within an existing commercial building with all infrastructure available on-site for the existing lounge. Due to the location of the business in the Sixth Street Commercial Core and distance within 500 feet of a public parking lot, the business is exempt from providing on-site parking pursuant to the City Parking Ordinance Chapter 17.54.
4. Where the proposed use may be potentially hazardous or disturbing to existing or reasonably expected neighboring uses, it must be justified by the common public interest as a benefit to the community as a whole. As conditioned, the proposed use will provide

for the sale of alcoholic beverages. The Riverside County Sheriff indicated that there are no concerns about the operations of this establishment, including service of on-sale beer. The Sheriff's Department does not recommend conditions related to public safety concerns. As such, there are no anticipated hazardous or disturbing effects to the existing and neighboring uses.

5. The proposed use provides vehicular approaches to the property designed for reasonable minimal interference with traffic on surrounding public streets or roads. Vehicular approaches are not required for the location. The existing building is a historic building with a traditional neighborhood design appropriate for a Downtown Center that is of a scale that promotes walkability. Vehicular public parking along public streets is sufficient.
6. The City of Coachella has determined that the proposed project is categorically exempt from environmental review pursuant to the guidelines of the California Environmental Quality Act as an "Existing Facilities" project (CEQA Guidelines, Section 15301a) as the proposed on sale service of liquor will occur in conjunction with an existing business in an existing commercial building.

CONDITIONS OF APPROVAL FOR CONDITIONAL USE PERMIT NO. 357 (Modification):

This approval is based on the floor plan submitted for the proposed project. Violation of any of the conditions of approval shall be cause for revocation of the Conditional Use Permit.

5. The use shall meet the standards within the limits established by the Coachella Municipal Code as related to emissions of noise, odor, dust, vibration, wastes, fumes, or any public nuisances arising or occurring incidental to the establishment or operation.
