

STAFF REPORT
9/21/2021

TO: Parks and Recreation Chair and Commissioners

FROM: Maritza Martinez, Public Works Director

SUBJECT: Provide direction on conceptual design of Bagdouma Basketball Court Replacement Project.

STAFF RECOMMENDATION:

Staff requests direction on conceptual design of Bagdouma Basketball Court Replacement Project.

BACKGROUND:

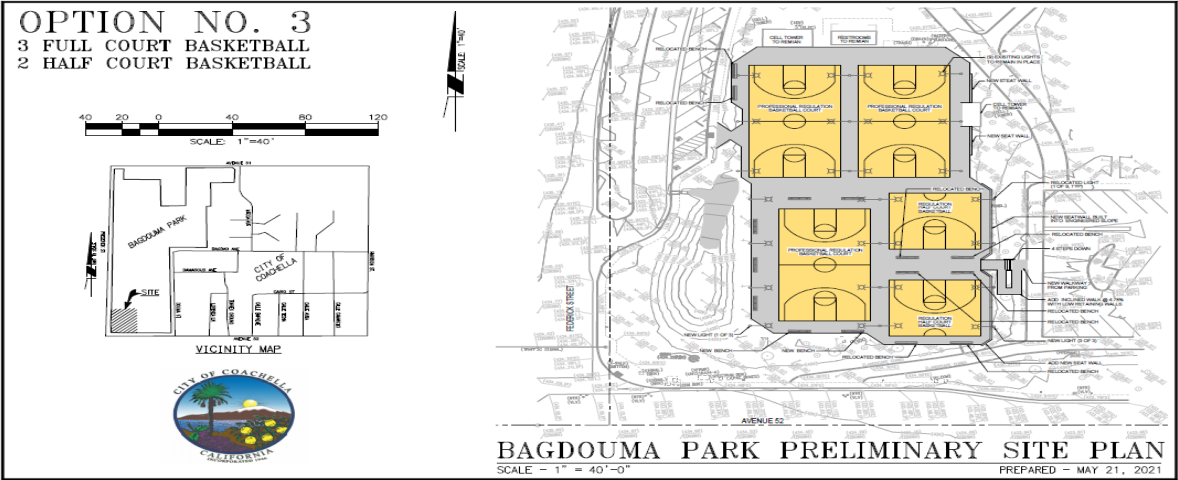

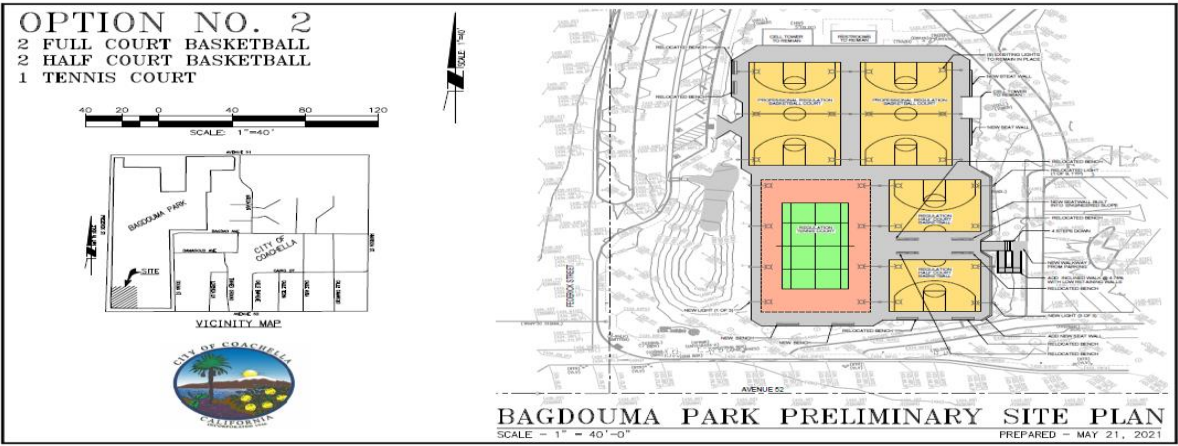

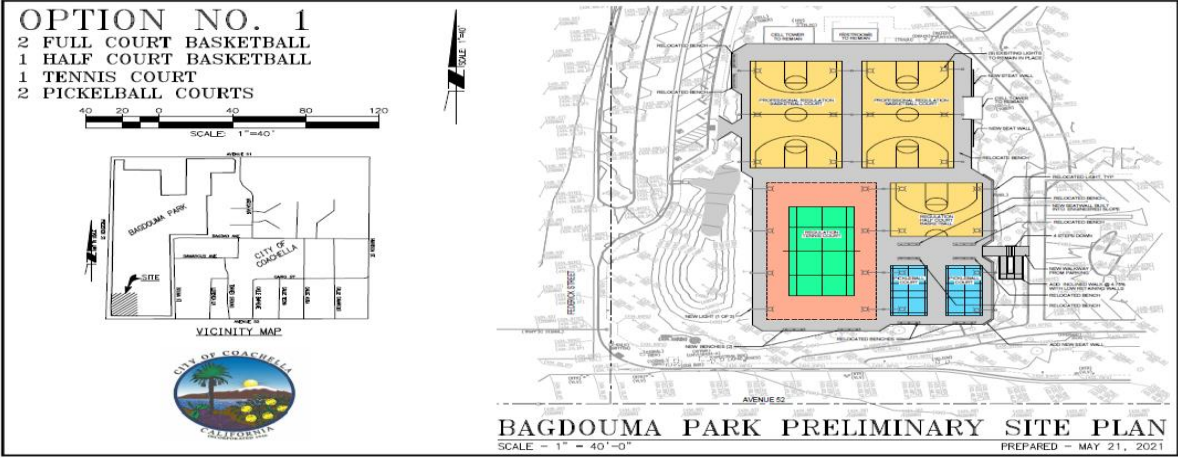

The City has applied for a County of Riverside Urban County Allocation Program for Community Development Block Grant (CDBG) funds for fiscal year 2020-21 for the Bagdouma Basketball Court Replacement Project. The awarded funds for this project totals \$395,000. The Project improvements include replacement of the basketball court, lighting and improvements to the adjacent retention basin.

DISCUSSION/ANALYSIS:

On March 10, 2021, City Council awarded a professional services agreement to Egan Civil, Inc. for engineering services for the Bagdouma Basketball Court Replacement Project. The scope of services awarded included topographic base mapping, conceptual site plan, site improvement plan, bid documents and construction support services. Egan Civil, Inc. has completed three conceptual site plan options (attached below).

Option 1 redesigns the space to have two full basketball courts, one half court, one tennis court and two pickleball courts. Option 2 redesigns the space to have two full basketball courts, two half courts, and one tennis court. Option 3 will have three full basketball courts and two half courts.

The Commission reviewed this item on July 20, 2021 and requested staff solicit community feedback using the City's social media platforms. Staff launched a Survey Monkey poll to obtain public input on the three options provided for the Bagdouma Basketball Court Replacement Project and received over 500 responses. Of the three options, the option that received the overwhelming public support was for Option 1.

FISCAL IMPACT:

All options are within the allocated budget and a recommendation of any option presented will not have a negative fiscal impact.
