The project will consolidate Mesquite Mutual Water Company (MMWC) with the City of Coachella’s water system by connecting new pipelines to the City’s existing lines. There will be two connections into the City’s system: one along Avenue 50 and another through the cul-de-sac along San Asis Drive. This system will require approximately 2,748 linear feet of 12 inch-pipes to be connected to the existing line along Avenue 50 and along Jackson Street, and approximately 1,591 linear feet of 8-inch pipes will then loop back from Jackson Street to the neighborhood. The project will also install fire hydrants throughout the community **and destroy the onsite wells.**

Upon Completion of Construction, the Recipient must expeditiously initiate Project operations.

The Recipient must not request reimbursement for any Project Cost until such cost has been incurred and is currently due and payable by the Recipient, although the actual payment of such cost by the Recipient is not required as a condition of reimbursement. Supporting documentation (e.g., receipts) must be submitted with each Reimbursement Request. The amount requested for Recipient's administration costs must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = total amount claimed). Reimbursement of Project Funds will be made only after receipt of a complete, adequately supported, properly documented, and accurately addressed Reimbursement Request. Upon request by the Division, supporting documents for professional and administrative services must include the employees' names, classifications, labor rates, hours worked, and descriptions of the tasks performed. Reimbursement Requests submitted without supporting documents may be wholly or partially withheld at the discretion of the Division.
 5. The Recipient must spend Project Funds within 30 days of receipt. If the Recipient earns interest earned on Project Funds, it must report that interest immediately to the State Water Board. The State Water Board may deduct earned interest from future reimbursements.
 6. The Recipient shall not request a reimbursement unless that Project Cost is allowable, reasonable, and allocable.
 7. Notwithstanding any other provision of this Agreement, no reimbursement shall be required at any time or in any manner which is in violation of or in conflict with federal or state laws, policies, or regulations.

(b) Notwithstanding any other provision of this Agreement, the Recipient agrees that the State Water Board may retain an amount equal to ten percent (10%) of the Project Funding Amount until Project Completion. Any retained amounts due to the Recipient will be promptly disbursed to the Recipient, without interest, upon Project Completion.

(c) Except as follows, construction costs and disbursements are not available until after the Division has approved the final budget form submitted by the Recipient. The Deputy Director of the Division may authorize the disbursement of up to ten percent (10%) of Project Funds for the reimbursement of eligible construction costs and pre-purchased materials prior to Division approval of the final budget form submitted by the Recipient. All other construction costs are not eligible for reimbursement until after the Division has approved the final budget form

submitted by the Recipient. Construction costs incurred prior to the Eligible Construction Start Date are not eligible for reimbursement.

B.7 REVERTING FUNDS AND DISENCUMBRANCE.

In the event the Recipient does not submit Reimbursement Requests for all funds encumbered under this Agreement by the Final Reimbursement Request Date, any remaining funds revert to the State.
