

A RESOLUTION OF THE CITY OF COACHELLA PLANNING COMMISSION RECOMMENDING THAT THE CITY COUNCIL APPROVE ARCHITECTURAL REVIEW NO. 22-07 FOR 5,400 SQUARE FOOT INDUSTRIAL BUILDING FOR A RETAIL FARM EQUIPMENT DEALERSHIP, JORDAN CENTRAL IMPLEMENT CO., ON A 2.51 ACRE SITE AT THE NORTHWEST CORNER OF AVENUE 54 AND POLK STREET (APN 763-141-048). CHRIS ELLISON (APPLICANT).

WHEREAS Chris Ellison filed an application for Architectural Review No. 22-07 for a 2.51 acre site located at the northwest corner of Ave 54 and Polk Street (APN 763-141-048); and,

WHEREAS, on February 19, 2023 the City gave public notice as required under Government Code Section 66451.3 by mailing notices to property owners within at least 300 feet of the project and publishing a public notice in the Desert Sun of the holding of a public hearing at which the project would be considered; and,

WHEREAS the proposed use is necessary or desirable for the development of the community, is consistent with the objectives of the City's General Plan, and is not detrimental to the existing uses or the uses specifically permitted in the zone in which the proposed use is to be located; and,

WHEREAS the proposed site is adequate in size and shape to accommodate the proposed development; and,

WHEREAS the conditions as stipulated by the City are necessary to protect the public health, safety and welfare of the community.

WHEREAS, the Planning Division completed an initial environmental assessment of the above matter and in accordance with the California Environmental Quality Act (CEQA) recommends the Planning Commission determine the project is exempt from the California Environmental Quality Act (CEQA), pursuant to CEQA Guidelines Section 15332 as an infill development because the project involves development on a site under five acres where the parcel complies with General Plan policies and zoning regulations, and where the project site has no value as habitat for endangered, rare or threatened species, and where the site can be adequately served by all required utilities and public services, and the project will not result in any significant effects relating to traffic, noise, air quality, or water quality.

WHEREAS on March 15, 2023, the Planning Commission of the City of Coachella held a duly noticed public hearing on the subject application, considered written and oral comments, and facts and evidence presented by the applicant, City staff, and other interested parties; and

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of Coachella, California hereby resolve as follows:

Section 1. Incorporation of Recitals

The Planning Commission hereby finds that all of the facts in the Recitals are true and correct and are incorporated and adopted as findings of the Planning Commission as fully set forth in this resolution.

Section 2. CEQA Findings

Based upon its review of the entire record, including the Staff Report, any public comments or testimony presented to the Planning Commission, and the facts outlined below, the Planning Commission hereby finds and determines that the proposed project is exempt from the California Environmental Quality Act (CEQA), pursuant to CEQA Guidelines Section 15332 as an infill development because the project involves development on a site under five acres where the parcel complies with General Plan policies and zoning regulations, and where the project site has no value as habitat for endangered, rare or threatened species, and where the site can be adequately served by all required utilities and public services, and the project will not result in any significant effects relating to traffic, noise, air quality, or water quality. The subject site is surrounded on all sides by urban uses and has no suitable habitat for endangered species. There are existing utilities and public services available to serve the site. As proposed, the project will comply with General Plan policies and zoning code regulations and the project does not result in any significant traffic, air quality, or water quality impacts. As such, no additional environmental review is required.

Section 3. Architectural Review Findings

With respect to Architectural Review No. 22-07, the Planning Commission finds as follows for the proposed for the industrial development project:

1. The Architectural Review is consistent with the goals, objectives, policies, and implementation measures of the Coachella General Plan 2035. The site has an Industrial District land use designation that allows for a range of industrial uses. The proposed uses on the site are in keeping with the policies of the Industrial land use classification. The proposed structures on the site are in keeping with the policies of the Industrial District land use classification and the project is internally consistent with other General Plan policies for this type of development. The project is consistent with the policies of the Land Use and Community Character's Sub-Area #7 policies which envisions a diversity of job-producing uses and that would provide for industrial, warehouse and distribution uses.
2. The proposed uses will be located, designed, constructed, operated and maintained so as to be compatible with the existing or intended character of the general vicinity and shall not change the essential character of the same area. The proposed project is in compliance with the applicable development standards for the M-H (Heavy Industrial) Zoning District of the City's Zoning Code.
3. Consideration is given to harmony in scale, bulk, coverage and density, to the availability of public facilities and utilities, to harmful effect, if any, upon desirable neighborhood character, to the generation of traffic and the capacity of surrounding streets, and to any other relevant impact of the development. The proposed project is in compliance with the applicable development standards for the M-H (Heavy Industrial) Zoning District of the City's Zoning Code. The proposed development consists of the development of a 4,500 sq. ft. industrial building for farm equipment sales, rental and service. The proposed uses will

be compatible with existing adjacent uses that include industrial and municipal uses within the immediate vicinity.

4. The Project will be compatible with neighboring properties with respect to land development patterns. The proposed development would develop according to the development standards of the M-H Zone at a scale, massing, and aesthetic appeal of existing development is in keeping with development of neighboring properties such as the Coachella Civic Center, Jehovah's Witness building, and the Ernie Ball manufacturing facility.
5. The proposed use will include two new vehicular approaches to the property designed to improve off-site and on-site vehicular circulation for existing traffic on surrounding public streets or roads. Evidence of this is reflected in the provided site plan design. The two new proposed drive aisles and internal circulation have been reviewed and approved by the Fire Department and the Engineering Department.

Section 5. Planning Commission Approval

Based on the foregoing recitals and findings above, and the written and oral comments, facts and evidence presented, the City of Coachella Planning Commission hereby approves Architectural Review No. 22-07 and subject to the Conditions of Approval as set forth in "Exhibit A".

PASSED APPROVED and ADOPTED this 15th day of March 2023.

Miguel Navarrete, Acting Chairperson
Coachella Planning Commission
