WHEREAS, the City of Coachella, California (“City”) is a municipal corporation, duly organized under the California Constitution and laws of the State of California; and

WHEREAS, pursuant to the police powers delegated to it by the California Constitution, the City has the authority to enact laws which promote the public health, safety, and general welfare of its citizens, including sidewalk vending, as long as these are consistent with Senate Bill 946 (SB 946); and

WHEREAS, in 2018, the California Legislature passed SB 946 which prohibits cities from regulating sidewalk vendors, except in accordance with the provisions of SB 946; and

WHEREAS, SB 946 applies to both charter and general law cities; and

WHEREAS, SB 946 authorizes the implementation of regulations that are directly related to objective health, safety, or welfare concerns, and that do not restrict sidewalk vendors to operate only in a designated neighborhood or area, except as specified; and

WHEREAS, the permit requirements proposed are consistent with SB 946, as they are reasonable, related to objective health, safety, and welfare concerns, and are based upon compliance with other generally applicable laws including the Americans with Disabilities Act, and the City’s general encroachment permit requirements for work and/or activities in the public right of way; and

WHEREAS, the standards imposed on stationary sidewalk vendors requiring a minimum path of accessible travel are necessary to comply with the Americans with Disabilities Act and maintain minimum safe access along public sidewalks; and

WHEREAS, SB 946 explicitly stated that the legislation did not affect the applicability of Part 7 (commencing with Section 113700 of Division 104 of the Health and Safety Code, otherwise known as the California Retail Food Code, to a sidewalk vendor who sells food; and

WHEREAS, standards for maintaining access to building entrances, and not blocking driveways, fire hydrants, parking areas and building storefront windows are necessary to guard the health and safety of patrons, drivers, vendors and existing business owners and promote fire suppression and law enforcement practices that allow the City’s safety personnel to observe activities within buildings and maintain access; and

WHEREAS, the City Council finds and determines that the installation, repair, maintenance, and removal of encroachments in the public way must be regulated in order to protect the public health, safety, and welfare and to provide for the orderly administration and maintenance of the public access ways for the benefit of the community, while at the same time allowing reasonable accommodation and cooperative flexibility for providing necessary utility and other convenience services to the community; and

WHEREAS, the City Council finds that public and private persons who maintain and/or install encroachments in the public way bear a responsibility to help preserve the public way and to contribute to the administrative and liability costs incurred by the community and caused by such encroachments; and

WHEREAS, the City Council finds that, unless properly regulated, sidewalk vending poses a unique risk to the health, safety, and welfare of the public, including, but not limited to, impacts to traffic, pedestrian safety, mobility, unsanitary conditions involving food preparation, risks to children, and consumer protection; and

WHEREAS, the inherent nature of sidewalk vending and the ability of such vendors to be located on private property and public streets and move quickly from place to place in the community, including near parks, schools, and other places frequented by children, warrants imposing certain regulatory measures, including requiring background checks, to protect the health, safety, and welfare of the community; and

WHEREAS, SB 946 continues to authorize cities to prohibit sidewalk vendors in areas located within the immediate vicinity of a permitted certified farmers' market and a permitted swap meet, as specified, and to restrict or prohibit sidewalk vendors within the immediate vicinity of an area designated for a temporary special permit issued by a city; and

WHEREAS, placing a cap on the total number of sidewalk vendors within the City to fifty (50) vendors is objectively related to health, safety, and welfare concerns as having many sidewalk vendors has impacts to traffic, pedestrian safety, mobility, unsanitary conditions involving food preparation, risks to children, and consumer protection; and

WHEREAS, placing a cap of fifty (50) sidewalk vendors is intended to help ensure that driveways and street intersections throughout the City are kept clear and unobstructed; and

WHEREAS, the City arrived at the cap number of fifty (50) sidewalk vendors by calculating that there could potentially be one (1) vendor for every five hundred linear feet (500') of sidewalk in the City's commercial corridors, which amounts to approximately thirty-two (32) vendors, plus estimating that there could potentially be one (1) roaming vendor could potentially service two (2) residential neighborhoods on a given day, out of a total of thirty-six (36) residential neighborhoods, which amounts to eighteen (18) vendors, thus equaling an overall City total of fifty (50) vendors; and

WHEREAS, fraud or misrepresentation in the course of vending constitutes an objective harm to the health, safety, and welfare of the City's residents; and

WHEREAS, fraud or misrepresentation in the application for the permit constitutes an objective harm to health, safety, and welfare of the City’s residents; and

WHEREAS, vending in a manner that creates a public nuisance or constitutes a danger to the public constitutes an objective harm to the health, safety, and welfare of the City’s residents; and

H. A person who is currently serving, or who completed, a sentence, or who is subject to a fine, for a conviction of a misdemeanor or infraction for sidewalk vending, whether by trial or by open or negotiated plea, who would not have been guilty of that offense under SB 946 had SB 946 been in effect at the time of the offense, may petition for dismissal of the sentence, fine, or conviction before the trial court that entered the judgment of conviction in his or her case.

I. Nothing contained herein shall be construed to impede the City's or County's ability to enforce County Health Department codes, regulations, and ordinances."

SECTION 7. Section 8.04.010 of the Coachella Municipal Code is hereby amended to read as follows:

"City and County enforcement of state regulations and statutes.

The city council consents and requests that, in addition to the City's own authority to enforce and observe, the county health officer of the county of Riverside, state of California, shall also be authorized to enforce and observe all of the following:

A. Orders, quarantine regulations, and rules prescribed by the state department and other rules and regulations issued under the provisions of the California Health and Safety Code.

B. Statutes relating to the public health.

Such services shall continue indefinitely until the city council shall terminate them by adoption of a resolution or ordinances, as provided in Division I, Part II, Chapter I, Article 2, of the Health and Safety Code. SECTION 8. Severability. If any section, sentence, clause or phrase of this Ordinance or the application thereof to any entity, person or circumstance is held for any reason to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are severable. The City Council of the City of Coachella hereby declares that it would have adopted this Ordinance and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.
