(a) City shall be responsible for designing, constructing, and maintaining the Improvements by managing and administering Contractor's work under the Design-Build Contract. 5. **Sublease of Equipment.**

5.1 **Acknowledgement of Financing Lease.** District has reviewed the Financing Lease and recognizes that City is financing the Improvements by leasing, as lessee, the Equipment from Lender, as lessor, and further acknowledges that Lender has a first priority security interest in the Equipment until City fully performs and repays all rental payments in full under the Financing Lease. No obligation in this Agreement shall be construed in a manner that causes a breach of the Financing Lease, and if such a non-conflicting interpretation is not possible, the Parties agree that the provisions herein shall be reformed such that there shall be no breach of the Financing Lease. Further, District acknowledges that if City defaults under the Financing Lease or an Event of Non-appropriation (as defined in the Financing Lease) occurs, the Lender has the ability to repossess the Equipment or the City is required to return the Equipment to the Lender. Upon such a repossession and return of the Equipment in strict accordance with the terms of the Financing Lease, District's obligation to make Sublease Payments shall immediately cease and this Agreement shall terminate.

5.2 **Sublease.** City agrees to lease to District, and District agrees to lease from City, in accordance with the terms and conditions herein, and consistent with the terms of the Financing Lease, the Equipment, together with, to the extent applicable, any related accessories, attachments, firmware and software for the Term. Lessee shall have no right, title or interest in the Equipment during the Term of this Agreement.

5.3 **Binding Nature of Financing Lease.** District acknowledges and agrees that this Agreement and the Parties' performance of their obligations hereunder must be consistent with the terms of the Financing Lease. District expressly agrees not to take any action that will cause City to be in breach of the Financing Lease.

5.4 **Use of Equipment.** All Equipment which is leased by City to District shall be used by District consistent with its intended use in the normal course of operating the Treatment Plant, consistent with the terms of the Financing Lease, and shall only be used for public purposes, and shall not be used by any private party for any private purpose. District hereby covenants that, with respect to the Equipment, it will not take any action, or fail to take any action, that would affect the tax-exempt statute of the Financing Lease.

5.5 **Possession/Title.** During the Term, District shall have only have possession of the Equipment and title to the Equipment shall remain with City at all times. District covenants to keep the Equipment free from levy, legal process, tax and other claims, liens, and encumbrances. At the expiration of the Term, and if City has fully complied with all obligations under the Financing Lease, and District is not in breach or default of this Agreement and paid all Sublease Payments (as defined below) to City, then title to all Equipment shall vest with District and this

Agreement shall terminate. City shall cooperate with District to execute any documents necessary to affect such title transfer.

5.6 Encumbrances or Liens; Notice. District shall not pledge, encumber, create a security interest in, or permit any lien to become effective on any leased Equipment. If any of these events takes place, District shall be deemed to be in default under the Agreement. District shall promptly notify City in writing of any liens or other encumbrances on the Equipment of which District has knowledge. The District will promptly pay or satisfy any obligation from which any lien, claim or encumbrance arises, and will otherwise keep the Equipment and all title and interest free of any liens, claims or encumbrances.

5.7 Removal. During the Term, City shall be responsible for all costs related to the proper removal of any Equipment, at the City's sole cost and expense. After title in the Equipment has vested with District, District shall be responsible for all costs related to the proper removal of any Equipment, at the District's sole cost and expense.

## 6. District's Obligation to Reimburse.

6.1 Obligation to Reimburse City for Lease Payments & Amount of Lease Payments. As of the Effective Date, District will reimburse City for the Improvements by paying sublease payments to City in an amount equal to its pro-rata share of the lease payments City shall pay to Lender under the Financing Lease, inclusive of interest ("**Sublease Payment(s)**"). The "pro-rata share" shall be equal to the percentage of the Contract Price (as defined in the Design-Build Contract) allocated for the Improvements in the Schedule of Values (as defined in the Design-Build Contract). The amount of each Lease Payment is set forth in the attached Payment Schedule.

6.2 Timing & Duration of Lease Payments. District shall pay each Sublease Payment to City within thirty (30) days of City's payment of its lease payments to Lender as set forth in the Financing Lease. District shall pay such Sublease Payments to City until all Sublease Payments as reflected in the Payment Schedule have been paid.

6.3 Agreement to Adjust Payment Schedule. If City and Lender adjust the lease payments and the lease payment schedule in the Financing Lease, then: (i) the Parties shall amend the Payment Schedule accordingly to adjust the Payment Schedule consistent with the adjusted terms of the Financing Lease; or (ii) the Payment Schedule shall be deemed equitably adjusted such that the monthly Sublease Payments shall be proportional to District's pro-rata share.

6.4 Subordinate Pledge of Net Revenues. All of the Net Revenues are hereby irrevocably pledged, charged and assigned, on a subordinate basis to the Bonds and Parity Obligations currently outstanding and issued in the future, to the punctual payment of the Sublease Payments. (c) An Event of Default (as that term is defined in the Financing Lease) by the City under the Financing Lease or the City's failure to observe or perform any material covenant, condition, or agreement contained in the Financing Lease on its part to be observed or performed.

7.2 Whenever any event of default occurs hereunder, City shall have the right, at its sole option without further demand or notice, to take one or any combination of the following remedial steps:
