Pursuant to Section 16 of that policy, the City Treasurer shall provide to the City Council a monthly investment report which provides a clear picture of the status of the current investment portfolio. This report shall include, at a minimum, the following information for each type of investment held in the City’s investment portfolio: the issuer; amount of investment; current market value; yield on investment; income generated from investments; dollar amount invested on all securities, investments and moneys held by the local agency; and shall additionally include a description of any of the local agency’s funds, investments, or programs; and a description of unusual investment activity or developments during the month for which the report is prepared. This information shall be provided for all City and component unit pooled investments, as well as for bond accounts, which are managed by outside Fiscal Agents.

The interest rates presented are the most current rates available as of the date of these reports. The market values presented for pooled City investments are based on closing prices for the related investments as of the date of these reports. This information was obtained from the Wall Street Journal or other reliable sources of market prices.

The Market values presented for investments managed by fiscal agents are based on amounts reported by the fiscal agent on their investment statements. The purchase date and type of investment are not included for funds held by fiscal agents.

Attached is the Treasurer's Report of Investments which includes an overview on investments which provides information on investment activity, withdrawals and deposits, interest earned, payment of interest and payment of principal as of the months ended January 31, 2022.
