Coburg Police Department Highlights

July, August and September of 2025

ODOT Traffic Safety Grant 2025-2026 Award

The Coburg Police Department was selected to receive \$9,000 dollars in funds dedicated by the Oregon Department of Transportation to compensate Coburg Police Department personnel for overtime generated by traffic enforcement. Each of these grants are directed at enforcement in areas such as distracted driving, speed enforcement, driving under the influence, pedestrian safety enforcement and purchase of speed measurement equipment.

CPD officers have just completed the enforcement actions generated by the 2024-2025 grant year successfully. This will be the fifth year in a row that the Coburg Police Department has partnered with ODOT to make our local residents, pedestrians and motorists safer through enforcement activities made possible by funds obtained by ODOT.

Coburg Police Department Charter School Commendation

The Coburg Police Department strives to maintain a positive relationship with the students and staff at the Coburg Charter School. At the end of every school year, the Coburg Police Department personnel attend festivities held on the last day of school. Chief Larson dedicates part of our community outreach funds to purchase ice cream treats for each of the students. The following is taken from an email written by a staff member at the Coburg Charter School:

"I hope this summer has been treating you well!"

As I dive into a new school year, I was thinking about the end of this last school year. I wanted to send appreciation to Chief Larson and the police who come on the last day of school to give free popsicles to ALL of our students. This tradition, though I am sure is not cheap for Coburg, is so awesome. I love how the kids get so excited and there is nothing like a treat to get into the hearts of kids! What an important, generous act. This is helping to really build community with our kids and to continue to shine a positive light on our police department. Thank you!"

Third Quarter Trends

- **Agency Assists** – Personnel availability, including full staffing, has not only affected the Coburg Police Department, but almost every single department within the state of Oregon. This has become a very challenging time in law enforcement, as

the calls for service continue to increase, the number of law enforcement officers continues to decrease. The Coburg Police Department partners with our neighboring agencies to provide the best level of coverage we can, to ensure the safety of residents.

CPD Officers routinely handle calls for general, low-level calls for service located near the city limits of Coburg. This is reciprocated by the Lane County Sheriff's Office, as CPD officers call them for assistance as "cover officers," or have deputies respond with us during a high-priority call for service. We appreciate the amazing working relationships and the partnerships we have with our neighboring agencies.

- **Traffic Enforcement**– Throughout the summer, Officers with the Coburg Police Department become very busy with traffic enforcement on our city's roads and highways. One major difference which separates Coburg from other small municipalities is the presence of Interstate 5. All the summer traffic traveling on Interstate 5 comes directly through our town. This not only increases the number of traffic stops, but it also increases other things such as motor vehicle accidents, driving complaints, speeding vehicles and DUI's.

Officers will combat this with participation in ODOT sanctioned grants for speed enforcement, pedestrian safety enforcement, distracted driving and DUI enforcement.

Police Statistics for Quarter Ended September 30th, 2025

Coburg Police Department stats are divided into the following seven categories.

1. Traffic/person stops

Traffic stops, person stops, truck inspections,
