OFFICER TIME RECORD

- Police Office Administration
- Court Duty
- Harrisburg Patrol
- Paid Leave
- Police Activity/Patrol
- Police Administration/Management
- Police Training

The importance of looking at a percentage in each category is to make sure that areas other than police activity and patrol are covered. While Police activity and patrol is the most important task of the Police Department, having it cover more than 75% would indicate that too much time is being spent on patrol and not enough time is being spent in training and administration. Making sure that officers are well trained, have paid leave, and monitoring the time spent in Harrisburg patrol is equally important. At this time, there is a good balance in the Police Department indicating that there is not a need for additional patrol officers.
