Design features you like

10 responses

Design features you do not like

4 responses

Other features I would like to see in the park:
Chess tables
Water presentation features
Mural
Picnic area at south end also

Other comments or ideas I would like to share about this design:
Native plants in the garden with butterfly attracting plants
Shade trees as well as evergreens would be nice

Too many paths
Will the memorial wall/fountain have names of Coburg veterans on it?
There needs to be more parking for events!!
How will events be able to accommodate booths for vendors?
Restroom: Will it be a nice building or a funky plastic bathroom? Would like to see a nice cement structure with some design standards not a "Quonset" hut
