## Design features you do not like

4 responses

Other features I would like to see in the park:
Chess tables
Water presentation features
Mural
Picnic area at south end also

Native plants in the garden with butterfly attracting plants

Shade trees as well as evergreens would be nice

Too many paths

Will the memorial wall/fountain have names of Coburg veterans on it?

There needs to be more parking for events!!

How will events be able to accommodate booths for vendors?

Restroom: Will it be a nice building or a funky plastic bathroom? Would like to see a nice cement structure with some design standards not a "Quonset" hut
