

POLICE DEPARTMENT QUARTERLY REPORT

October 13, 2026

Coburg Police Department Highlights July – September 2026

Coburg Police Department Updates

In the third quarter of 2026, the Coburg Police Department has been working to update the technology utilized to provide Coburg with high quality and efficient law enforcement services. Mobile, field durable laptops have been purchased for use in our patrol vehicles. Commonly referred to as MDC's (mobile data computers), these devices provide officers with immediate, in-vehicle access to Lane County Dispatch data for emergent suspect background information, partner agency officer location/response and other officer safety information when dealing with possibly dangerous suspects. The MDC's also increase efficiency in report writing, issuance of citations and other work that otherwise was required to be completed in the office.

Officers will be able to view the Computer Aided Dispatch (CAD) as information is being entered by the dispatchers of the Lane County Sheriff's Office in real time. Other abilities of the MDC's include the ability to run license plates from the patrol car, check subjects for wants/warrants, communicate with dispatch, and also the computers feature a mapping program which will route officers to their assigned call, similar to a GPS system in modern vehicles. This continues the regional partnership with Lane County Sheriff's Office and provides Coburg officers with the same tool sets currently in use by our partner agencies, bringing consistency and inter-operability to our local operations.

Upgrades are also underway for the hardware and software utilized to manage the property and evidence program. This system is utilized to log, track and properly release/dispose of the consistent flow of articles of evidence associated with stops, arrests and investigations. The updates provide current and best practice level of standard equivalent with partner agencies.

Quarterly Trends

- **Traffic Safety** – As most of the third quarter takes place in the summer months, travelers are more prevalent in our city. This is seen by an influx of vehicle and pedestrian traffic on the city streets and sidewalks. To help combat the number of traffic accidents, speeding vehicles and reckless driving, the Coburg Police Department has applied for, and has been awarded a grant for Traffic Enforcement overtime which is distributed annually by Oregon Impact, a division of the Oregon Department of Transportation. This year will mark the seventh consecutive year that these grants have been awarded to the Coburg Police Department. The 2026-2027 grant has been disseminated in the amount of \$2,000 dedicated to speed enforcement, \$1,000 to DUII and \$1,000 to pedestrian safety.
- **Community Events** – The Coburg Police Department is extremely active in the summer months and regularly participates in community events. This year you may have seen us at one of the following events:
 - Coburg Car Classic
 - Coburg Antique Fair
 - Coburg Concerts In the Park

- Chief's Car Show
- Harrisburg 4th of July Parade/Fireworks Show
- Harrisburg National Night Out
- Harrisburg Harvest Festival
- University of Oregon Football Games
- Lane County Fair

We also look forward to seeing you at the following events in the near future:

- National Drug Take-Back
- Coburg Community Charter School "Trunk-R-Treat"
- The Annual "Shop With a Cop" Holiday Event
