CITY COUNCIL GOAL

Council Goal 1: Livability, Health and Vitality
Council Goal 5: Strategic Planning
Council Goal 6: Economic Development

BACKGROUND

In 2020, the City of Coburg contracted with the Urban Collaborative LLC., to conduct a Build-Out Scenario analysis. The Build-Out Scenario project spurred discussion in the community about what is currently allowed in the Zoning Code. From this discussion, an Ad-Hoc Code Review Committee was formed at the direction of the City Council. The Ad-Hoc Code Review Committee comprised of two City Councilors, two Planning Commissioners, two citizens-at-large and one business owner. The Ad-Hoc Code Review Committee met bi-weekly for a period of over 8 months, from February to October of 2021 to review and make recommendations on the proposed amendments. By the end of their meetings, the Committee chose to pursue a form-based code for and prohibit the use of formula-based businesses (also known as chain stores) within the Central Business District zoning district, in addition to other amendments to the code.

The form-based code overlay to the boundaries of the Central Business District is one of the most significant amendments being proposed. One primary purpose of a form-based code is to focus on the built environment and its desired look and feel. The form-based code overlay, including a regulating plan, development checklist and rendering have been reviewed and recommended approval by the Ad-Hoc Code Review Committee (Attachment F).

Other amendments to the code include:

- Prohibiting the use of formula-based businesses (also known as chain stores) within the Central Business District
- Correcting scrivener's errors and other straightforward language changes
- Addition of alternative street design standards
- Addition of a Public Facilities zoning district section
- Addition of rendering for the Highway Commercial zoning district,
- Additional Mobile Food Vending standards as recommended by the Coburg Fire Chief

From Planning Commission Public Hearing on July 20th, 2022

Planning Commission received the staff report, presentation and public testimony. Planning Commission had questions for staff and discussion ensued. Planning Commission had concerns particularly over the formula business restriction, but voted unanimously to recommend approval of the proposed amendments to City Council.

From City Council Public Hearing on July 26, 2022:

The City Council received the staff report, presentation and public testimony. City Council and public testimony identified several questions/concerns, particularly regarding the prohibited use of formula businesses in the Central Business District. City Council directed staff to research and develop an alternate code amendment to allow formula businesses as a conditional use with a potential square footage restriction, rather than an outright prohibited use. City Council continued the hearing and public record and requested another first reading of the ordinance take place on August 9 to accommodate the additional alternate amendment request. City Council adjourned until August 9, 2022, to perform a first reading of the ordinance and receive the staff report on the alternate amendment as directed by Council. Council will deliberate and hear a second reading and make a decision at the September 13, 2022 meeting.

From City Council First Reading and Public Hearing on August 9th, 2022

Staff received no further direction and will present the second reading on September 13, 2022.

Businesses are encouraged to provide attractive building exteriors, signs, landscaping and parking lots that are in keeping with character of the downtown area. The downtown area is the heart of Coburg and essential businesses and city functions should be located in this area. The downtown area should invite citizens and other customers to use alternative modes of transportation, including walking and bicycling to patronize these businesses.*
