2026 Utility Rate Adjustments

Coburg Utility & City Service Fees

At its January meeting, the Coburg City Council unanimously approved adjustments to the current water, sewer and transportation utility fees (TUF), in order to maintain necessary funding levels for increased operations, maintenance and capital costs to the community's utility systems.

Utility rates will be increasing on April 1st, 2026, which will reflect on the May bill.

What will this mean for my bill?

The April rate increase includes a 3.4% water rate increase, a 6.4% wastewater rate increase, and a 3.4% transportation utility fee (TUF) increase. For a typical, low to moderate water use residential customer, the total increase amounts to just over eight dollars (\$8.35).

	Previous Rate	New Rate
Water	\$61.73	\$63.83
Wastewater	\$93.74	\$99.74
Transportation Fee	\$7.34	\$7.59
Tree Fee (no change)	\$2.00	\$2.00
Parks & Open Space Fee (no change)	\$5.00	\$5.00
New Total:	\$169.81	\$178.16

City Council and Staff are fully aware of the increasing costs Coburg utility customers experience in their household and business budgets. Municipal services are impacted by these same economic conditions and the price (rates) charged for City utility services must be adjusted to maintain, repair and improve/replace the community's utility systems.

Each utility the City owns and operates for the community is managed as a separate "business unit" with revenues and expenses for each (water, sewer, streets) independently tracked and not able to be moved from one to the other.

Property taxes do not fund utility operations as they are legally required to fund general services like Public Safety (police), Parks, Planning & Building, Municipal Court, Finance

Both Council and City staff place a high priority on meeting and exceeding both regulatory requirements and the community's expectations in the following:

- Producing and delivering clean water to the community
- Collecting, treating and safely returning wastewater to the environment
- Maintaining a safe pedestrian and vehicle transportation system (streets, sidewalks and storm drainage)

For Information on the Coburg Limited Income Assistance Program, go to www.coburgoregon.gov/utility-billing or call 541-682-7850

Proposed Revenue Enhancements

Parks, Open Spaces and Street Tree Fees

The Coburg City Council recently conducted a review of potential new revenue options to address rising operational costs to maintain existing levels of service across all of the City’s operations and programs.

Phase One of the review resulted in rate adjustments for the water, wastewater and transportation (streets) utilities. These rate increases are critical in stabilizing the fund balances that ensure the ability to maintain, repair and improve the infrastructure of each of the three utilities now and into the future. *See back for February 2025 utility rate adjustment information.*

Phase Two of the review has recently been completed and focused on services and programs in the City’s General Fund, primarily Police, Parks, Planning, Municipal Court and City Administration.

Council has focused its revenue enhancement on the creation of a new Parks and Open Space Fee, as well as an increase to the existing Tree Fee. These fees are planned to be formally reviewed by Council and potentially be approved and implemented in July of 2025.

Parks and Open Space Fee (\$5.00 per month)

The proposed Parks and Open Space fee of \$5.00 per month will be dedicated to maintaining the City’s current park and open space lands recently expanded to include the Pavilion Park land and restroom and the upcoming Coburg Creek new park development.

Tree Fee Increase (From \$2 to \$4 per month)

The \$2 per month Tree Fee has not been adjusted since initially approved in 2007 and no longer covers costs associated with maintenance and removal of the impressive (and aging) street trees the City is responsible for maintaining. The proposed increase of \$2 improves the ability to better care for and mitigate risks associated with the City’s street tree inventory.

What will this mean for my bill?

	Current (Monthly)	New Fees (Monthly)	Total New Fees (Annually)	New Fee Revenue to City Budget
Parks & Open Space Fee	\$0.00	\$5.00	\$60.00	\$38,400
Tree Fee	\$2.00	\$4.00	\$24.00	\$15,360
Total:	\$2.00	\$9.00	\$84.00	\$53,760

City Council and Staff are fully aware of the increasing costs Coburg residents and businesses are experiencing. Municipal services are impacted by these same economic conditions. Council strives to maintain existing service levels for the parks and street tree system with operational efficiency coupled with adequate revenues to meet community expectations.

For more information on Revenue Options and Analysis, scan here.

REMINDER:

Parks & Open Space Maintenance Fee goes into effect July 1, 2025, showing on the bill in August.

The Coburg City Council recently conducted a review of potential new revenue options to address rising operational costs to maintain existing levels of city services. This fee of \$5.00 per month will be dedicated to maintaining the City’s current park and open space lands recently expanded to include the Pavilion Park land and restroom and the upcoming Coburg Creek new park development.

	UB Fee Rates
Water	\$61.73
Wastewater	\$93.74
Transportation Fee	\$7.34
Tree Fee (no change)	\$2.00
Parks & Open Space Fee	\$5.00
New Total:	\$169.81

2025 Utility Rate Adjustments

Coburg Utility Bills

At its December meeting, the Coburg City Council unanimously approved adjustments to the current water, sewer and transportation utility fees (TUF), in order to maintain necessary funding levels for increased operations, maintenance and capital costs to the community's utility systems.

Utility rates will be increasing on February 1st, 2025, however you will not see those increases until the February billing goes out in March.

What will this mean for my bill?

The February rate increase includes a 4% water rate increase, a 6% wastewater rate increase, and a 4.9% transportation utility fee (TUF) increase. For a typical, low to moderate water use residential customer, the total increase amounts to just over eight dollars (\$8.02).

	Previous Rate	New Rate
Water	\$59.36	\$61.73
Wastewater	\$88.43	\$93.74
Transportation Fee	\$7.00	\$7.34
Tree Fee (no change)	\$2.00	\$2.00
New Total:	\$156.79	\$164.81

City Council and Staff are fully aware of the increasing costs Coburg utility customers experience in their household and business budgets. Municipal services are impacted by these same economic conditions and the price (rates) charged for City utility services must be adjusted to maintain, repair and improve/replace the community's utility systems.

Each utility the City owns and operates for the community is managed as a separate "business unit" with revenues and expenses for each (water, sewer, streets) independently tracked and not able to be moved from one to the other.

Property taxes do not fund utility operations as they are legally required to fund general services like Public Safety (police), Parks, Planning & Building, Municipal Court, Finance, etc.

Both Council and City staff place a high priority on meeting and exceeding both regulatory requirements and the community's expectations in the following:

- Producing and delivering clean water to the community
- Collecting, treating and safely returning wastewater to the environment
- Maintaining a safe pedestrian and vehicle transportation system (streets, sidewalks and storm drainage)

- Public hearing posts (if and when needed)

- Budget notices (during budget season)

- Mayor's update letter (once a month)

City of Coburg, Oregon
Published by Johnny Diamond · December 2, 2025 · ...

Hello Coburg! Below is the newest addition of Mayor Bell's Update! Physical copies are available at City Hall or in the post office or you can find a digital copy online at <https://www.coburgoregon.gov/bc-cc/page/mayor-coburg>

MAYOR BELL'S DECEMBER UPDATE

With the flip of the calendar page, the winter holidays have officially arrived! Thanks to volunteers with Coburg Make Street the village Christmas decorations have been installed, repaired and touched as they are throughout the community for years to come. Thanks to all who volunteered time and talent to the Parkville Park via a winter walkabout just in time for the start of the Christmas season. Many homes and businesses are coated out with lights adding to the festive atmosphere and brightening the otherwise gloomy weather. Have you ever seen Coburg look so lovely?

Over the last few months I have had the opportunity to have these virtual **Resident Update Meetings**. These conversations have been focused on the financial concerns faced by cities, counties and governments across Oregon, why this is happening, what it means to Coburg and what we are doing to face this challenge.

- Measure 5 began to shape Oregon property tax revenues in 1995. That shaped property tax at that point based on the land market value of the property. It also set limits for money for schools and government. There is this, cities could adjust property tax rates annually based on what was needed to balance the budget, how the only ways for cities to increase revenue is local option bonds and Measure 5 doesn't provide a way to the community.
- Measure 5B was implemented in 1997 to an effort to correct fiscal inequalities. This raised the 3% property tax limitation but also put the tax assessment base and market value to increased value. It takes a look at your recent tax statements to

There are 243 cities in Oregon and 50% of them either have budget deficits (like Parkville, Eugene, Springfield) and others, for some a level of over budget financial conditions. Some cities each adjust property tax rates, the only way to balance budgets is to decrease staff, reduce services, request operating loans or increase fees to fund their services levels. The services most likely to be required by the long-term general revenue and public assistance and public safety services. Rates for utilities (water and sewer) is not sufficient to cover costs, and money generated by the rates must be spent only on those utilities. This is not a good idea, it is essential for the state.

WHAT IS COBURG DOING TO BALANCE THE BUDGET AND MAINTAIN THE SERVICES AND AMENITIES WE ALL COUNT ON?

We have decreased staffing costs by purchasing vacant positions, set the contract staff as appropriate, limited or delayed large projects, and cut across to other's funds and established new non-recurring services and liability to cover a few. If you'd like more information, there will be more community meetings in 2026, or contact our City Council manager at manager@coburgoregon.gov.

Coburg is still a vibrant, livable and highly desirable community filled with wonderful, caring neighbors. We will weather this uncertain time as we have done in the past by reaching out and continuing to help others. Let's continue all the good things that make this community our home! Instead, you're not to continue with you and enjoy this wonderful holiday season.

Your Mayor,
Nancy Bell

Nancy Bell

- Emergencies

City of Coburg, Oregon
Published by Johnny Diamond · December 23, 2025 · ...

UPDATE: Coburg Public Works staff has completed the emergency sewerline repair on Miller and McKenzie Streets. The area has been cleaned and restored consistent with state wastewater regulations. The break was caused by utility truck damage to a sewer line connection box located in the shoulder area of the right of way (next to the paved surface of the road) and was able to be contained and repaired quickly by the City's Public Works team along with contractor supplied specialized equipment.

Please avoid the area of Miller St. and McKenzie St. due to a sewer main break. More updates to follow.

The National Weather Service has issued a Flood Watch for parts of Oregon, including the Eugene/Springfield region, beginning late Wednesday night until late Friday. Heavy rain (2-4 inches) and moderate to strong winds are in the forecast for our region.

With the incoming rain and wind, City of Coburg Public Works, Coburg Police Dept and Coburg Rural Fire District are all preparing to address localized storm related impacts, such as:

- Tree branches in roadways
- High water on roadways
- Monitor high flow levels entering the wastewater treatment plant
- Power outage related impacts to City water and wastewater (sewer) systems

The following partner websites may be useful to monitor throughout the storm event and also contain alert notification sign-up options.

- Lane County Emergency Management <https://www.lanecountyor.gov/cms/One.aspx...>
- Emerald People's Utility District (local electricity provider) <https://www.epud.org/>
- Pacific Power (local electricity provider) <https://www.pacificpower.net/>

What community members can do in advance of travel

- Check the National Weather Service for weather updates. <https://forecast.weather.gov/MapClick.php?lat=44.1388...>
- Use TripCheck or other services to check routes before traveling out of the area as weather and road conditions may be different. <https://tripcheck.com/>

What community members can do to prepare for a potential emergency

- Clear leaves from gutters and storm drains
- Keep battery-operated radio and flashlights charged and ready for use
- Maintain a two-week supply of food, water, heating fuel, and clothing
- Keep vehicles fueled and stocked with a winter storm kit that includes: Blankets, flashlight and extra batteries, first aid kit, shovel, sand or cat litter (for tire traction), windshield scraper, jumper cables, chains or tire traction devices, flares or reflective triangles, road maps, extra warm clothing including gloves, extra food and water.

https://forecast.weather.gov/showsigwx.php?warnzone=ORZ118&warncounty=ORC039&firewxzone=ORZ685&local_place1=Eugene%20OR&product1=Flood+Watch&lat=44.0521&lon=-123.0868

- City advertisement (online bill pay, paperless, survey, website, committee vacancies, mayors sip & chats, etc.)

If you've ever misplaced your bill or had a due date slip your mind, it's time to sign up for PAPERLESS BILLING. Each month, you will receive an email when your bill is ready to view. You can also sign up for AUTOPAY, MANAGE your account, and VIEW your billing history.

SIGN UP NOW!

Weather is supposed to be pretty cold throughout the week, with possible freezing and icy conditions. To prepare, we have provided you with some tips on how to prevent your water pipes from freezing. Please use this information and try to get ahead of the weather this winter season!

In case of an emergency, please call our Public Works Pager at 541-683-0081

PREVENTING FROZEN PIPES

1 Open kitchen and bathroom cabinet doors to allow warmer air to circulate around the plumbing. Be sure to move any harmful cleaners and household chemicals up out of the reach of children.

2 When the weather is very cold outside, let the cold water drip from the faucet served by exposed pipes. Running water through the pipe - even at a trickle - helps prevent pipes from freezing.

3 Keep the thermostat set to the same temperature both during the day and at night. By temporarily suspending the use of lower nighttime temperatures, you may incur a higher heating bill, but you can prevent a much more costly repair job if pipes freeze and burst.

4 Keep garage doors closed if there are water supply lines in the garage.

We want to hear from the Coburg Community!

The City of Coburg is working with the U of O to gather the community's thoughts on Coburg's heritage. Take this quick survey and tell us what heritage resources you value, what you feel is important, and what makes Coburg feel like home. Your perspective will help build a plan to protect Coburg's heritage resources. Thank you for helping shape how we honor and protect our past moving forward.

Burglary Arrest – Use of Drone Technology Enhances Safety

In the early morning hours of August 26, 2025, the Coburg Police Department was dispatched to a business alarm at Pomp's Tire Service, 91033 Roberts Rd, Coburg.

Upon arrival, Sergeant Miller discovered an active burglary in progress. An adult male suspect was observed loading items into a company service vehicle. Sgt. Miller immediately requested assistance, which was answered by the Oregon State Police, Lane County Sheriff's Office, and a Eugene Police Department K9 unit.

Officers placed spike strips in front of the vehicle to prevent escape. The suspect then fled on foot, hiding in nearby bushes.

At this point, a Lane County Sheriff's deputy deployed a drone, which proved critical in both clearing the building and safely locating the hiding suspect. The use of this technology greatly reduced risk, keeping officers, deputies, troopers, and the K9 partner safe from potential danger during the search.

Thanks to this coordinated response and the use of drone technology, the suspect was safely apprehended and transported to the Lane County Jail, where he was lodged on the following charges:

Burglary 2nd Degree (Felony) – ORS 164.215
Theft 1st Degree (Felony) – ORS 164.055
Criminal Trespass 2nd Degree (Misdemeanor) – ORS 164.245
Unauthorized Use of a Motor Vehicle (Felony) – ORS 164.135
Unlawful Entry into a Motor Vehicle (Misdemeanor) – ORS 164.272

The Coburg Police Department extends its sincere thanks to the Oregon State Police, Lane County Sheriff's Office, and the Eugene Police K9 Unit for their quick and professional response.

We are accepting donations for our upcoming annual Shop with a Cop event. If you wish to donate, you can drop it off or mail it in. Thank you!

shop With a Cop!

Coburg Police Department is accepting donations for the annual Shop with a Cop program.

The 'Shop with a Cop' program builds relationships with the children in our community and provides support to families needing a holiday boost. Each child will be paired with an officer to shop for Christmas presents and will receive a \$125 gift card to buy and wrap their gifts, with help from our local police officers and volunteers, and finish with some pizza! The kids are selected by the Community Charter School.

Make your donation to the:
City of Coburg to 'Shop with a Cop'
PO Box 8306 Coburg, OR 97408

If you would like to support this program, please make donations to the City of Coburg 'Shop with a Cop' program. 100% of donations will be used for this program. If you have any questions, please stop by or call Chief Larry Larson at 541-682-7853.

We are always accepting donations for our CHETT program. If you would like to donate, you can drop off your donation or mail it in. Thank you!

COBURG POLICE DEPARTMENT CHETT PROGRAM

Community Help Easing Troubled Times

This is a community donation funded program that provides resources to help meet emergency needs of the most vulnerable in Coburg, like victims of crime, those displaced by crime, or people the find themselves with minimal options.

Funds are used for meals, lodging, fuel, transportation, damage repair from crimes, or other short-term emergency assistance.

This is a year-round program that is always accepting donations. To contribute to this program, donations can be directed to:

City of Coburg "CHETT Program"
PO Box 8306
Coburg, OR 97408
"you can also use the drop box or come by the Coburg Police Department at Coburg City Hall - 91136 N Willamette St."

"Enhancing our Community"

We had a great time at our annual Shop with a Cop event this year! We are so glad we get to spend time and create positive relationships with these kids, and also help them go Christmas shopping for their loved ones. Thank you so much to everyone who donated and continues to donate. You help make these special opportunities possible for the kids. We could not make this a successful event without you and the community! Happy holidays! 🎁👮

Coburg Police Department
Published by Johnny Diamond · January 9 ·

The Coburg Police Department, along with many other departments, conducted a multi-agency Sex Offender sweep on Wednesday, December 17th, making contact with the sex offenders who were likely still living in Coburg and within Lane County.

The statistics summary (throughout Lane County, not Coburg only):

- total compliance checks performed: 258
- custody arrests: 9
- citations in lieu of custody: 18
- warnings issued: 12
- warrants served: 2
- offenders registered post contact: 23
