Hello,

My name is James McCutcheon, and I reside at [REDACTED] in Cohoctah Township. Following our recent conversation regarding the Zoning Board of Appeals, I would like to express my willingness to serve and support the township in this capacity. I bring over 20 years of experience in data center operations and systems design, and I am currently employed by Meta in my professional background. In my personal life I have submitted zoning requests to various boards for projects at properties in different locations where I have lived, which has given me a solid understanding of zoning processes and requirements. I am comfortable reading ordinances and zoning requirements, and I am able to clearly articulate and provide feedback on current zoning matters, as well as assess their potential impact on our community and neighbors.

Please let me know if there are any next steps or additional information you need from me. Thank you for considering my application. I look forward to the opportunity to contribute to Cohoctah Township. Best regards,

James McCutcheon [REDACTED]

Hello, I am Jim (James) Svoboda, and I am a resident of Cohoctah township. I am very interested in joining the zoning board team if you are still looking for people.

I do not have any experience with government items, but would love to learn and help out with the community.

My family has owned farmland in Cohoctah since 1838. Originally the Houghton farm, that has been handed down generation to generation. I purchased part of the farm from my grandmother in the early 2000's, which is where I live.
